

The Lincroft Elementary School invites you to become a permanent part of the new outdoor learning and activity space project by purchasing a commemorative brick. Purchasing a brick paver is an easy way to leave a lasting family legacy on the Lincroft Elementary School campus and at the same time help pay for the improvements to our school grounds. Engraved on your custom brick could be your family name, a student or alumni's name and year of graduating class, your business name, your organization name, or you could choose to engrave a brick in honor of someone special, a favorite teacher, or in a loved one's memory.

Our bricks are available in two sizes (4"x8" and 8"x8"). We will try to accommodate your engraving wishes so long as they fit into the boundaries of the maximum listed characters per line.

In 2016, we kicked off a campaign to beautify the grounds at Lincroft Elementary School. Our students spend 6 hours a day in the classroom surrounded by the latest technology used in teaching to be successful in this increasingly electronic world. As a parent organization, we feel strongly that our children also need time to be outside and learn from the natural world around them. Our goal is simple: to have an outdoor environment that is both inviting to teachers and students, as well as functional for outdoor activities and educational opportunities. We believe that having an outdoor space that can be utilized for classroom discussions, lunch and free time can bring joy into learning and bring our students closer to nature. Our plan is to install small shrubs, plants and grass, as well as pavers to create various patios and walkways that would enhance the beauty of the landscape. Please join us as we pave the way to an improved outdoor experience for the Lincroft students, faculty and staff.
