Please help us try to reduce food and container waste by ordering off the
'Build Your Own' section for smaller appetites.

Our vision is to see communities grow in a positive way by building on each other's talents, strengths, and resources. Our mission is to carry this out in our restaurant through reducing food and material waste and serve as much local product as possible. Our values are transparency, integrity, balance, kindness, and respect.

Our pledge: We have built our lives around agriculture, small towns, and cooking good food for good people. We are honored to share our talents with the community for you to enjoy.

Please be respectful and kind when you are in our restaurant and you can expect the same in return. Our family motto is; "Be careful who you hate, it just might be someone you love"
(author unknown-coffee mug).
