Q8 - Please comment on the structure of this course (the placement and pacing of assignments, exams, meetings, class discussions, and so on).

Response Rate: 50.00% (2 of 4)

- 1 The structure of this course was simple—3 units, each with their own individual subunits which are supposed to be completed daily. Work was due at the end of each unit. Pacing was enforced, but not too strictly. 
- 2 Assignments all well placed and paced, discussions all meaningful, written assignments also strongly related to course content. 

Q9 - In this course, what was effective in helping you learn?

Response Rate: 50.00% (2 of 4)

- 1 Watching the provided videos and taking notes on the textbook. 
- 2 Everything, the OpenStax, the powerpoints. I especially liked the feedback given on everything by Prof. Chapa, she was great. 

Q10 - Evaluate the quality of your own work in this course. What have you done well? What could you do to improve your learning?

Response Rate: 50.00% (2 of 4)

- 1 I think I did really well on most things. 
- 2 I have completed all of the assignments on time and given my raw, honest thoughts on political issues in discussions and assignments. I could've done better with the pacing, making sure assignments are complete even when the deadline is far away. 

Q11 - Is there anything else you would like us to know about your online course experience?

Response Rate: 25.00% (1 of 4)

- 1 Professor Chapa is an extremely hardworking and empathetic instructor and I thoroughly enjoyed being in her class. I did not feel alienated from the political discussion, rather I felt engaged and supported, compelled to share my opinion without fear of judgment.
