Statement

Once a dancer always a dancer, dance is something students can come back to during all stages of their life.

The vision for Revolution is to create a peaceful, equal opportunity learning environment. We want to constantly stay relevant in the ever changing world of dance and grow and innovate as teachers and dancers. We want to encourage total health mentally, physically and spiritually by creating an environment that embraces these ideas. We appreciate that the heart of a dancer is born into many different bodies and the love of dance can take on many different styles. We will develop well prepared young adults, should they so choose to pursue the arts professionally or are University bound.

Recital

Each year Revolution Dance host a recital early December and late June! It is an opportunity for the children to "show off" what they have been learning in a festival environment to their parents, friends, and families. This is not required and is solely the option of the parents and child whether to attend, although we encourage everyone to take part in this fun and exciting celebration of dance and student recognition.

A unique feature of Revolution Dance is our Recital Costume cost Control through our Costume rental program. In the Spring each dancer will be charged a \$55.00 costume rental fee that includes a costume for our Winter and Spring Recitals.

Tickets will be available through the studio.

Competitions:

Revolution Dance believes participating in competitions gives dancers another chance to perform and share their dancing with their peers. Our Competition program is open to all interested dancers who are committed to being part of a team!

Dancers must be in regular attendance of their class and have a positive attitude.

These events require costumes as well as entry fees. Although we try to choose competition events that accrue on the weekend, dancers and parents may be required to miss school and work.
