

Bottle & Cork Taproom

1807 DE-1, Dewey Beach, DE

Production Specs

2024

PARKING & UNLOADING SPECIFICATIONS:

Heading south on Highway One (DE-1) Bottle & Cork will appear on your right. Turn RIGHT into parking lot at the end of building and drive between club on right and liquor store on left. Stop so that back doors of semi or trailer are even with pull-up garage door of club on right (2-3ft from wooden fence directly in front of you.) Push-in will occur through this garage door.

Driver(s) must remain with their Semi or Bus until contents have been dumped as no vehicles can remain at this location for extended periods of time. Star coach should park on north side of the club (Bellevue Street) up against building where there is shore power and quick access to Green Room and stage. Shore power is only available for this 1 bus. Club manager, Kathleen Roberts, or one of my staff can help with the parking of all vehicles. My guys will all be wearing black "PEG Crew" T-shirts for easy identification.

PARKING:

Available on-site > Adjacent to building or at North Beach lot.

SHORE POWER:

Available on-site for (1) BUS > north side of building

GREEN ROOM:

Located 2nd floor above club. Entrance is outside on north side of building via an outside staircase off Bellevue Street, Dewey Beach.

STAGEHANDS:

We provide 2 stagehands for load-in & load-out. Additional can be provided if requested and approved prior to show date.
