## Pool Rules and Management

The pool will, usually, open for the season once pool inspection has been approved and all necessary repairs and maintenance has been completed. If all goes well, the pool will open between late May and early June of every year, and close between late September and early October of the same year. During the season, the pool is open daily from 9 am to 10 pm.

Our pool is for The Fairways residents and guests ONLY. It is NOT a Nashboro Village Pool.

There is one pool key per unit, no exceptions. The key to the gate of the pool is not to be shared or duplicated. ONLY current residents of a unit and two visitors MAXIMUM per unit are allowed to be at the pool.

If Unit Owners are behind in payment of Association fees and/or fines, current residents will lose the privilege to be at the pool.

Pool keys cannot be duplicated. The replacement of a lost pool key will result in a \$100.00 charge to the corresponding Unit Owner. Payment of this fee must be received in order to order the new key.

All individuals who are within the enclosed pool area must abide by the following rules (posted in the pool area):
