

# FEDERAL ASSISTANCE IS NEEDED NOW! NY STATE AID FUNDING FOR OUR SCHOOL DISTRICT COULD BE CUT BY MILLIONS OF DOLLARS

Governor Cuomo has stated that without additional federal funding, **STATE AID TO SCHOOL DISTRICTS COULD BE CUT BY 20% OR MORE.** For our school district, that would mean **MILLIONS OF DOLLARS LOST.** That would be devastating. It could lead to:

- severe teacher and support staff layoffs
- huge increases in class size
- elimination of many essential student academic and social/emotional support programs and services
- elimination of all sports programs
- elimination of clubs and after-school activities
- and much more.
