The Valley Stream School District 24 offers access to your child's school records online through eSchoolData, including report cards, New York State and NWEA assessment results, schedule, and attendance.

This year we will be posting your child's class placement for the 2023-2024 school year on the parent portal on August 25, 2023 at 10:00 a.m.

If you have not already created a Parent Portal account, the directions are located on our district website at <https://valleystreamschooldistrict24.org/>. Click on the "Resources" tab and in the dropdown, navigate to "Parent Resources." Here you will find an instruction guide and link to access the Parent Portal. Please note that you will need your child's Student ID to create an account. If you do not have this information, please contact your school building's secretary or principal.

Again, if you have not already created an account, we are asking you to do so as soon as you can so that you can view your child's school records. Having access to the Parent Portal also allows you to update your personal information by inputting new phone numbers, email accounts, etc. When you log into your account, you will see in the upper right-hand corner – "My Account." Click here to change your account and update any contact information.

Should you have any questions or are unable to access a computer with an internet connection, please contact your school building's secretary or principal. They will work with you to schedule a time to have access to a computer. We look forward to a great school year ahead!

Warmly,

Unal Karakas
Superintendent of Schools
