Ingerman Smith LLP
School Attorney

Dear Families,

I hope this letter finds you and your families well. The Valley Stream School District 24 is keeping up to date with the rapidly changing information articulated from the Federal, State and Local health and educational authorities. We realize that this can be a stressful time for all, in particular our students. The Pupil Services Department for Valley Stream School District 24 is here to support the families and students throughout this and in the event of an extended school closing.

This letter is to communicate with all of the Valley Stream School District 24 Families important information regarding plans for implementing the education for students with disabilities and facilitating CSE meetings. As outlined in Dr. Sturz's letter on Wednesday, March 18 there will be online lessons available for all students that can be accessed on the homepage of the district website on ClassLink.com.

Students will be contacted by their teachers and through the support staff assigned to the individual students. Staff will be providing communication, assignments and materials appropriate for your child.

In the event of an extended school closing all efforts will be made to convene the CSE meetings. Further information will be provided as needed.

I will be available to the Valley Stream School District 24 community through e-mail. Please do not hesitate to reach out via email mmartin@vs24.org should any questions or concerns arise.

Sincerely,
Dr. Maureen Martin
Director of Pupil Services
Valley Stream School District 24
