

Student Scholarship Award

This scholarship is awarded each year to three outstanding students currently attending an accredited university, community college, or trade school, in the state of Michigan. Any student enrolled in the applicable schools can apply. Our goal is to recognize and reward exceptional academic performance and professional achievement, fostering the next generation of leaders.

Scholarship Details

- Annual scholarship for students in Michigan-based institutions.
- Financial aid for tuition and/or books.
- Includes an essay on topics related to Cloud Based Technologies. The essay question will vary from year to year and typically relates to information technology.

Eligibility Criteria

- Enrolled in an accredited Michigan-based college or trade school with a GPA of 2.50+.
- Must have participated in a minimum of 4 hours of local volunteer or community service within the previous 12 months.
- Sponsored by an Academic Advisor or Program Dean who can provide information related to the applicant's academic progress.

The scholarship awards are as follows:

First Place
\$3,500

Second Place
\$2,500

Third Place
\$1,500

Application Process

- [Download the MISA Student Scholarship Application form](#) (MSSA-1) from the MISA website.
- Submit the completed form, essay, and any recommended documentation in PDF format by the deadline - May 4, 2025 and received no later than 11:59PM
- Prepare for a possible personal phone interview as part of the final selection process.

The essay portion of this application is the most critical piece of information to be evaluated. Our committee will be looking at grammar, spelling, articulation and above all, relevance to the essay question.
