Boots On the GROUND

REPORTING FROM ISRAEL – CANADIANS RETURN HOME TO SPEAK ON THEIR FRONTLINE WORK

RUDY AND SHARON FRIESEN are in their third year serving in Israel with Christian Friends of Israel as Coordinators assisting Christian believers and congregations in the land in practical and spiritual ways through the distribution of grants to Messianic Jewish and Arab Christian congregations and those experiencing hardship, as well as Derek Prince ministry literature and books. The literature is provided in five different languages to congregational leaders. Holding a pastoral and professional background in Master of Divinity, both are excited about seeing their fellow Canadians and reporting from the Front-line work they do with Christian Friends of Israel in Jerusalem. Rudy is retired as an Engineer with Air Canada and Sharon as a Registered Nurse BScN.

They have traveled extensively around the world, coming alongside various pastors and ministries in prayer and support, they are arriving in Toronto May 15, 2025, and ready to book your evening with them in your setting. The schedule will fill up quickly so call ahead.
