

Caregivers! Join us for
a presentation by
Barbara Luebke on
Dementia's Unexpected
Gifts.

Presented by Forest
County Office on Aging
and Forest County Adult
Protective Services.

"Every act of caregiving is a gift."

"Unexpected Gifts" is a mash-up memoir / cautionary tale / love story. It is the narrative of the author's unexpected journey that transformed her from "caregiving is not in my wheelhouse" to exhausted caregiver making difficult decisions and eventually finding a path to personal growth."
