

Dear Ray,

The SUNY Cortland Athletic Training Program appreciates the donation of your time and would like to thank you for your support of our Sports Medicine Symposium and your efforts to spread the word about concussions. You have a valuable message that we believe is important to share with as many people as possible. We hope that having you present to our audience will prevent at least one concussion or pre-mature return-to-play of a concussed athlete. Thank you again for sharing your message.

Sincerely,
