

Let's Draw Butternut!

Step 1:

Draw a blob that looks like the number '8'. Remember, Butternut Squash comes in all shapes and sizes! So have fun!

Step 2:

Give Butternut his vine!
Make it wiggly and curly!

Step 3:

Let's give Butternut big round eyes to see, and a cute button nose to smell!

Step 4:

Draw a pair of expressive eyebrows with 2 arches and give Butternut a twinkle in his eyes with 2 small circles. You can also give him eyelashes by making the top of his eye thicker!

Step 5:

Almost there! Let's add some details!
Draw in Butternut's sweet smile, his price tag, and some texture on his vine.

Step 6:

Colour in your Butternut Squash and you're all done!
