

Information Security Policy

Protecting information. Enabling trust. Supporting a secure tomorrow.

Cardan Compliance Services is a leading provider of ISO consultancy, auditing, training and compliance support. We recognise that the information we create, process and hold is a critical asset and that its security is essential to the continued success of our business, our clients and our interested parties.

We are committed to operating an Information Security Management System (ISMS) that complies with the requirements of ISO/IEC 27001:2022 and to continually improving our information security performance.

Our Commitments We will:

Confidentiality

Protect information from unauthorised access, disclosure or misuse.

Integrity

Ensure information is accurate, complete and protected from unauthorised modification.

Availability

Ensure information and systems are available to authorised users when needed to support our business activities.

Legal and Other Requirements

Comply with applicable legal, regulatory and contractual requirements and other information security obligations relevant to our context and interested parties.

Risk Management

Identify, assess and treat information security risks and opportunities to reduce the likelihood and impact of security incidents.

Continual Improvement

Continuously improve our ISMS to enhance information security performance and support the achievement of our strategic objectives.

Our Objectives

We will set, monitor and review measurable information security objectives to support this policy and drive continual improvement.

Reduce information security risks.

Maintain secure systems and data.

Build awareness and competence.

Ensure business continuity and resilience.

Our Responsibility

This policy is issued by top management, is communicated to all relevant interested parties, made available to the public and is reviewed periodically to ensure it remains relevant and appropriate.

Together we can make a safer, more secure future.

Professional compliance. Trusted by business.
