## Hurricanes

We are grateful to have the hurricane season almost behind us. Some of us sustained property damage and many experienced some sort of disruption to normal life but we are all working to get back to normal as quickly as possible. At the church, we had approx one foot of water around the building but, praise the Lord, only a tiny amount of water entered the building. A great cleaning gang, led by Ray, used carpet cleaning machines and a lot of elbow grease to bring the church building back to normal. We only had one week that we did not meet in the building, but rather, held an outdoor service. We are grateful to God.

## Bonfire

Those of you who have been to the premises on South Mango Street may be aware that there were three huge piles of trees left in the grounds from Hurricane Ian two years ago.. The good news is that we obtained a burn permit from the Forestry Department (which is good for a year) to enable us to get rid of that pile. It is almost all gone now which is fantastic.

## Halloween Safewalk

A strong group of workers manned our stall at the Safewalk on Dearborn Street. The street was swamped with families, so many children and loads of fun costumes. Who are those funny men in hats?

Many Bibles, tracts and Jesus necklaces, as well as information about the church, were taken as we handed out candy and cotton candy. It was great to be a witness for Christ.

Please pray that these are first steps for some to begin seeking God.

## Children's Block

The children's block (the building to the left of the main building) has been reorganized and this enabled all the old carpets to be ripped out ready for re-tiling. We are all very excited about the prospect of seeing our children's work grow and preparing a space for this is very encouraging. Please pray for the children's work and also that the Lord would raise up an individual who will want to lead a youth work.

## Sunday Services

We are excited that we are trying out merging our Sunday church services with First Baptist Church from Sunday, November 17th.

Many are happy that we are meeting again at 10:00am which will allow a longer morning sleep in!

This is a wonderful move forward for both churches and we thank the Lord for this.
