

Why the Sun Belt?

With an astoundingly high conference RPI ranking, the Sun Belt far exceeds any other baseball conference in its position. The Sun Belt sits just behind the SEC and the ACC in RPI! The next closest Group of 5 conference is Conference USA at #9 and the American at #11. Now that the Sun Belt has expanded from Virginia to Texas, this great conference produces an average of 20 new Major League Baseball stars each year! With several schools showing up in the Top 25 (by ranking and by average home attendance) this conference will stand out to the demographic that you are trying to reach! **Join us for a memorable 2025 Sun Belt Baseball Tournament.**
