The Recreational Team Standard, at a Resident Rate

The Recreational Team is the Residential Division of Ritzman Courts — founded in 1989 and, 37 years later, still Southwest Florida's number one all-court company. It builds community courts at $60,000 each. Resident courts are the same company, crew and poured-concrete spec; the 20% savings comes from buying direct — no general contractor, no HOA engineering and bonding chain. People talk about crushed concrete and compacted sand; we pour concrete. Most courts are completed typically within ten days — and often sooner — under a one-year limited warranty.

"Let's build something great together."
