

I had the pleasure of working with Melissa back in 2020 and I cannot recommend her highly enough. From the moment we contacted her, she was incredibly knowledgeable and helpful. Despite not having any Maltipoos left, she went above and beyond to help us find the perfect dog. Through her network, she discovered that a friend had a Yorkie, the runt of her litter, who still needed a home. It felt like it was meant to be because I had always wanted a Yorkie. When we met Poppy, it was love at first sight. She is the sweetest dog ever and has quickly become a beloved member of our family. Melissa made the entire process seamless and joyful, and her dedication to the well-being of her dogs is evident. If you are looking for a trustworthy and compassionate breeder, Melissa is the best choice. Thank you for bringing Poppy into our lives! Kathy

I got my little boy from Melissa. He stole our hearts, including our dog lover neighbors. He is a super friendly dog, smart, and easy to train. If you are looking for a Maltipoo breeder who listens to what you want or your concern? I highly recommend Maltipoobymelissa.

Not sure how I got blessed with Melissa to get my Toy poodle but I did. I bought him for my daughter and they are a perfect match. They are literally like brothers and sisters. He is so smart, so fun, so gentle and I can't imagine what life was like without him.

I feel the same! I was so sad over having to put my 14 yr. Old down. I knew I wanted a Maltipoo but I heard so many horror stories about scammers. Melissa is the best! Very kno, experienced and caring for all of her pups. I've dealt with 3 other breeders in my life all with horror stories. This was the best experience and best environment ever!!! Will go back when I'm ready for #2!!
