

REAMSYNC

VISION IN ACTION

Company Overview

Company Name: Dreamsync
Token Symbol: \$DRMSC
Chain: Base

Mission Statement

Dreamsync empowers creators through POV (first-person perspective) content, building a decentralized ecosystem that fuels creativity, rewards participation, and funds real-world impact. Our ultimate goal is to launch a community-led VR/AR streaming platform powered by \$DRMSC.

Core Values

Community First: Dreamsync grows through the voices, creativity, and energy of its community.

Creativity Unleashed: POV content is a new frontier—raw, real, and immersive. We celebrate originality.

Transparency & Impact: 0.1% of our market cap is donated monthly to charities, verified and shared via video.

Future-Oriented Innovation: We're building toward a VR/AR world where POV is the standard, not the exception.

POV Challenges

Weekly Challenges: \$DRMSC token holders create and share POV content based on set themes.

Open to all \$DRMSC holders

Themes announced weekly on X and YouTube

Submissions judged on creativity, originality, and impact

Winners are rewarded in \$DRMSC

Leaderboard posted on YouTube + Official Website

Viral strategies encourage community reposts and content spread

Cryptocurrency (\$DRMSC)

• **Purpose:** \$DRMSC is the core currency of the Dreamsync ecosystem. It rewards creators, funds community challenges, and supports charitable donations.

Tokenomics:

- **60% Liquidity Pool** – Ensures stability and accessibility.
- **25% Weekly Challenge POV Awards** – Given to participants in POV video challenges.
- **10% Marketing & Development** – Used for growth and promotion.
- **3% Charity** – 0.1% of the market cap is donated monthly.
- **2% Team Allocation** – For maintaining and expanding the project.

dreamsync Streaming Platform (Developing platform)

Dreamsync aims to evolve into a full-fledged streaming platform, similar to Twitch, but focusing on POV content.

The platform will allow users to monetize their POV videos and interact with viewers in a more immersive way.

Users can engage with their audiences in real-time. Viewers will have the ability to donate \$DRMSC to support their favorite creators.

Donations will help creators grow and continue sharing their unique perspectives.
