

**MENTAL HEALTH
FIRST AID®**
Australia

Standard Mental Health First Aid

The Standard Mental Health First Aid course teaches participants how to provide initial support to another adult who may be experiencing a mental health problem or mental health crisis, until professional help is received or the crisis resolves.

Course participants learn about the signs and symptoms of common mental health problems in adults, how to recognise and respond to an emerging or worsening mental health problem and the treatments and supports available.

Intervene early

Recognise the waning signs of mental health problems in other adults.

Offer support

Learn the skills to speak openly and accurately about mental health.

Respond in a crisis

Respond across a range of crisis situations where an adult may be at risk of harm.

Reduce stigma

Reduce stigma and increase support for adults experiencing and living with mental health problems.

What you'll learn

Learn how to apply mental health first aid to adults across a range of common mental health problems and crisis situations, including:

- Depression
- Anxiety
- Psychosis
- Substance use problems
- Suicidal thoughts and behaviours
- Panic attacks
- Non suicidal self-injury
- Traumatic events

Why attend a Standard Mental Health First Aid training course?

Improve knowledge

Evaluations consistently show that by attending a course, participants improve their knowledge of mental illnesses, their treatments and appropriate first aid strategies.

Improve confidence

Course participants report improved confidence in providing first aid to individuals.

Become an MHFAider

Adults who complete the course become Mental Health First Aiders (MHFAiders), equipped with the knowledge, confidence, and skills to provide someone with mental health information and support when it matters most.

**Anyone can have a conversation that may save a life.
Everyone should know how.**

Duration & Format

The 12-hour course can be delivered in 1 of 3 ways:

Face-to-Face	Blended	Online
 <p>2 x 6-hour sessions over 2 days</p>	 <p>Self-paced eLearning (5-7 hours), followed by a 4-hour face-to-face session</p>	 <p>Self-paced eLearning (5-7 hours), followed by 2 x 2.5-hour video conferencing sessions</p>

All sessions are led by a Mental Health First Aid Australia trained and Licensed Instructor

Mental Health First Aid Australia trains and licenses individuals to become Instructors. Those Instructors go on to deliver MHFA training courses to individuals, workplaces, schools, tertiary institutions and community groups across the country.

Learning Outcomes

Upon completion of this course participants will be able to:

- Recognise the signs and symptoms of mental health problems in adults
- Use an evidence-based action plan to initiate a mental health first aid conversation
- Assess for a range of crisis situations and provide initial support
- Understand the prevalence and impact of mental illnesses, risk factors and treatments and supports available
- Apply self-care practices as a Mental Health First Aider

One of the most engaging and informative learning opportunities I've ever had. Opportunities to use the skills learnt were common and relevant.

Take the next step

Go to the Course Calendar on our website: mhfa.com.au/courses/public to view the available Standard MHFA courses available. If organising a course for a group, you can search for an Instructor: mhfa.com.au/instructors or email us directly at: mhfa@mhfa.com.au to discuss your needs.
