

Covid-19 Safety Guidelines

To my valued clients:

As a beauty professional here at Gorgeous Gal Makeup, I want you to know that I take the health of my clients and myself very seriously.

The emergence of the novel coronavirus, a.k.a. Covid-19, has challenged beauty professionals to take a closer look at our current protocols and make additions and/or enhancements where needed in order to follow all CDC guidelines as well as those from the various states Governors.

In addition to the things I have always done to keep my products, tools and areas sanitary, below are a few of the additional and necessary precautions I will be implementing from here forward;

- A total of two people, defined as, one beauty professional and one client will occupy a room at any one time. Additional rooms will be needed if your event requires more than one beauty professional. Other guests will be asked to wait in another room.
- A minimum six-foot distance will be maintained between any professional stations when sharing a room. (Additional professionals must be someone that I have approved and screened for health - assistant, 2nd MUA, etc) If this is not possible, only one person/one station will be allowed, additional rooms will be needed to accommodate more stations.
- I will be unable to work with a client showing signs of illness, at the discretion of Gorgeous Gal Makeup.
- Temperatures may be taken. A temperature higher than 98.8 degrees Fahrenheit (37.1 Celsius) will be considered a fever, and services for that person will not be provided.
- If you or someone scheduled to receive services suffers from allergies, please make arrangements to take any needed medicine prior to appointment time, as I will not be able to determine who is suffering from allergies from someone who may be ill.
- If anyone scheduled to receive services has been in direct contact with someone who has tested positive or is a presumptive positive Covid-19 case, I ask that they share that information with me, knowing that service for that person will not be provided.
- Masks will be worn by all beauty professionals. Additional timing will be necessary in between and during services to ensure proper cleaning/sanitation/disinfecting is done in order to safely perform services and prep for the next client.
- If anyone at any given time fails to abide by these protocols, I will stop all services. The main priority at Gorgeous Gal Makeup is the health and safety of my clients and myself. All services must still be paid in full.

I will continue to update precautions by CDC guidelines and orders from the various states' Governor.

Sitting together, sharing laughs, and watching each other during the “getting ready” process with friends and family has always contributed to the magic of one’s day. Please be assured that even though the process needs to be a little different, I will continue to bring the professionalism, talent, and fun that made you want to book with me in the first place!

I look forward to seeing and working with you soon!

Sincerely,

Elena Washington
