## CATALOGUE 2019-20

# OUR WORKFLOW

## STEP 1: PRODUCT DESIGNING

Our design team is always into exploring the next best product design that will spark joy in people, every single time.

## STEP 2: MODEL MAKING

The model and mould of the planter is hand built by the most passionate craftsman.

## STEP 3: CASTING

Once the mould is made, liquid clay is casted in it and is allowed to take the beautiful shape of the mould.

## STEP 4: GLAZING

The casted planters are then glazed to perfection with our wide spectrum of colour glazes.

## STEP 5: FIRING

Firing the glazed porcelain planters bring the planter into life and existence. This makes the planter Strong, beautiful and permanent.

## STEP 6: PACKING

The Planters are wrapped and packed well to ensure that there is no damage during transit.

## STEP 7: DOOR STEP DELIVERY

Door step delivery so that you can start your own house garden without any hassels.
