

Consultants 2 Go Expands Core Team

Newark, NJ – Consultants 2 Go® (C2G – www.consultants2go.com) has recently announced the addition of two new members to their core team; Jennifer Klotz joins as the VP of Human Resources and Caron Hughes as VP of Business Development in Dallas, TX. Jennifer and Caron will both build different departments within the expanding company. “Due to the growing nature of our business, it became imperative to add proven leaders to assist with the needs of our increasing clientele,” stated Peggy McHale, Co-Principal of C2G.

Jennifer Klotz comes back to the company with a wealth of experience, having previously fulfilled the Director of Recruiting role at C2G. Her twenty years in HR have spanned across many different facets including organizational development, employee relations, staffing, recruiting, and employment law. “I am very excited to be back at Consultants 2 Go. The growth that C2G has experienced is remarkable and I look forward to bringing my passion and focus on smart HR practices to our core team and consultants,” said Jennifer Klotz.

Caron possesses over twenty years of experience in the marketing profession both as a marketer and vendor within Fortune 500 companies. Caron also provides team leadership, mentorship and coaching outside of the company. “I am thrilled to present the exceptional talent that C2G has to offer to the Dallas Marketing community. With so many marketing departments working with less headcount, I know that C2G will be a solution that cannot be ignored. I am anxious to help these overly stressed groups to achieve their goals and objectives, effectively and profitably.” –Caron Hughes

“We are truly excited to welcome our new team members in this New Year and hope they will bring forth continued growth,” stated Sandi Webster. Consultants 2 Go currently provides marketing and analytic services throughout the United States and globally. With companies spreading their resources across the country, Consultants 2 Go accommodates the growing need for consultants in a virtual, global economy.
