### FACE ON THE BRIDGE

It was a day, just like any other day  
I walked alone, through the old town  
But what happened then, would have happened anyway  
The water stopped turning, and time stood still

What could it be, that set you apart from the people I meet  
Thousands of faces, there's only one I can see  
A face in the crowd, that's calling so loud that it hurts me  
Here in this place, you are the face on the bridge

I nod my head, to the king of Bohemia  
I give my thanks, for she set me free  
Without this girl, I would simply not be here  
Her face on the bridge, made a man of me

What could it be, that set you apart from the people I meet  
Thousands of faces, there's only one I can see  
A face in the crowd, that's calling so loud that it hurts me  
Here in this place you are the face on the bridge

You offered your hand, you brought me back from the edge  
Here in this place, you are the face on the bridge

What could it be, that set you apart from the people I meet  
Thousands of faces, there's only one I can see  
A face in the crowd, that's calling so loud that it hurts me  
Here in this place, you are the face on the bridge

You offered your hand,  
you brought me back from the edge  
Here in this place, you are the face on the bridge

You are the face on the bridge  
You are the face on the bridge  
You are the face on the bridge

### TIME AGAIN

Fate looks certain but then nothing's guaranteed  
Want for nothing, but is nothing what you need?  
Always pushing though you're never satisfied  
I did believe you 'til I found out that you lied

Time and time again  
Time and time again, again

What I give you I get nothing in return  
Can't forgive you watching all your bridges burn  
All day long I sat and watched you do it wrong  
Have to say that's how you did it all along

Time and time again  
Time and time again, again

The others were, it seemed that you could only see  
And someone showed you, then why was it always me  
You knew the limit you were always out of bounds  
How could I trust you when I caught you messin' 'round

Time and time again  
Time and time again, again.

## VALKYRIE

Valkyrie ...  
Valkyrie ...

Like a mist through the trees  
I cross the battlefield  
She is borne upon the breeze  
She's drawn to where I kneel  
There is no doubt.  
She comes for me

Peace at last fade to grey  
My war is over now  
This the price I gladly pay  
Surrender to her light  
It shines for love  
And dignity

Valkyrie ...  
Valkyrie ...

See the path ahead of me  
A sacred gilded throne  
The one true house that I call home  
The place I will be known  
Where I belong  
Carry me ...

Valkyrie ...  
Valkyrie ...  
Valkyrie ...  
Valkyrie ...

Now that it's all  
Over and done  
We are as one, now I see  
One blazing fire  
Endless desire  
Just stay with me, Valkyrie

Valkyrie ...  
Valkyrie ...  
Valkyrie ...  
Valkyrie ...  
Valkyrie ...

## I KNOW HOW YOU FEEL

Midnight,  
Firelight,  
Sympathy.

Hold on,  
Sit tight,  
Talk to me

Tell me,  
Cause I know how you feel.

You're destined you,  
To hold on to,  
The fear inside.

So let it go,  
With tears that flow,  
Purify

Cause I know,  
I know how you feel.  
Yeah I know,  
I know how you feel.

Somehow we find ourselves,  
Where others will not dare to go.  
Our lives become intertwined,  
Now you know this will always be so.

Daybreak,  
This heartache,  
Will be gone.

Black clouds will clear,  
Then disappear,  
Here comes the Sun.

I know,  
I know how you feel.  
Yeah I know,  
I know how you feel.

It's all right,  
It's OK,  
Just lean on me.

Trust me,

And you'll see,  
How it can be.

Tell me,  
I know how you feel.  
Yeah I know,  
I know how you feel.  
I know,  
Exactly how you feel  
Yeah I know  
I know how you feel

## **MY OWN TIME**

Walking through the snow kicking my heels  
Seems that sunlight never felt so good before  
Bet you really don't know how it feels  
I don't have to answer to no one no more, better I've never felt  
Nothing to show, nothing to lose, I'm on my own

Cast your mind back not so long ago  
I was always busy playing by the rules  
Bet you thought I really didn't know  
You were double dealing, now you're back at school, something you didn't learn Faith in myself  
Gives me the strength to carry on

Do what I want to anyway  
I'll do what I want and I'll do it in my own  
My own  
Do what I want to anyway  
I'll do what I want and I'll do it in my own time

Don't give that same old pack of lies  
I'll tell you the story how it really is  
Think you always had me under ties  
Someone better tell you that the table's turned,  
Getting your fingers burned, how does it feel?  
Now it's for real this is the deal

Do what I want to anyway  
I'll do what I want and I'll do it in my own  
I'll do what I want to anyway  
I'll do what I want and I'll do it in my own time

Time is on my side again  
And one thing I intend  
Is I'll do it in my own time

Do what I want to anyway  
I'll do what I want and I'll do it in my own  
I'll do what I want to anyway  
I'll do what I want and I'll do it in my own time

Time is on my side again

And one thing I intend  
Is I'll do it in my own time

Do what I want to anyway  
I'll do what I want and I'll do it in my own time  
I'll do what I want to anyway  
I'll do what I want and I'll do it in my own  
Do what I want to anyway  
I'll do what I want and I'll do it in my own time  
I'll do what I want to anyway  
I'll do what I want and I'll do it in my own time

My own time  
My own time  
My own time

### **AN EXTRAORDINARY LIFE**

The perfect day, or so I say  
From where I'm standing  
This rollercoaster ride, fate will decide the ending

Love everlasting, or lost on the way  
The smiles and the frowns, the ups and downs of fortune turning  
The twists and turns, the lessons learned the bridges burning

Nights to remember  
And never forget

Go, seize the day  
Wake up and say  
This is an  
EXTRAORDINARY LIFE

Enjoy today  
Come what may  
This is an  
EXTRAORDINARY LIFE

I gave it all, my cards have fallen, but I'm still alive  
And in the end, believe my friend, I will survive

Glory or heartache,  
And some of the joy

Go, seize the day  
Wake up and say  
This is an  
EXTRAORDINARY LIFE

Enjoy today  
Come what may  
This is an  
EXTRAORDINARY LIFE

All of the good times,  
All of the bad  
Responsibility  
Is totally Mine I know  
I rightly stand accused  
But I believe  
Yeah I believe  
Yes I can change my world

Go, seize the day  
Wake up and say  
This is an  
EXTRAORDINARY LIFE

Enjoy today  
Come what may  
This is an  
EXTRAORDINARY LIFE

Go, seize the day  
Wake up and say  
This is an  
EXTRAORDINARY LIFE

Enjoy today  
Come what may  
This is an  
EXTRAORDINARY LIFE

## **GRAVITAS**

Once, you were in my arms, feeling so secure  
Nothing could go wrong, The sense that I belong,  
This grand illusion  
Now, I come to ask you please, I crawl upon my knees  
A serpent on the ground, Waiting for the bell to sound

See, where the rot began, Imagine if you can  
My hedonistic world, Grand master of delusion  
Now, love has gone to hell, It disappeared from view  
Still under your spell, But one thing I demand from you

Gravitas, Just give me dignity  
Gravitas, Retract your claws from me  
Gravitas, Just give me dignity

So, standing on this ledge, I wonder where you are  
Are you still alive, Or did you die inside, just like me?  
Go, oh dark angel fly, Off into the night  
Leave my tainted soul, Don't look left or right  
You will see

Gravitas, Just give me dignity  
Gravitas, Retract your claws from me

Gravitas, Just give me dignity

## **DAYS LIKE THESE**

The sun was shinin'  
The sky was cryin'  
It just tore apart  
And down came the rain

I was soakin'  
Yeah I was freezing, But  
I was feeling  
No kind of pain

Come a fireball  
I held it in my hand  
See before you  
A man who's known greatness

I had a vision  
A revelation  
I took a look inside of me  
And I am a sensation

Days like these I feel like I can change the world  
Days like these I feel like I can change the world

It's either easy  
Or it's impossible  
But if you ain't got it  
You ain't never gonna get it

Once you find it  
You gotta grab it, you gotta  
Reach down your own throat  
And yank it to the surface

May be brutal  
May be gory  
But whatever else it is  
It's my story

And I believe it  
Yeah, I can see it  
I sing it out, shout it out  
Give me death or glory

Days like these I feel like I can change the world  
Days like these I feel like I can change the world

Days like these, days like these  
You know I think I'll move a mountain or two  
Days like these, days like these  
Anything you want, you know I'll get it for you

Days like these I feel like I can change the world

The sun was shinin'  
I was cryin'  
I saw a thousand people  
Singing in the rain

And I was thinking  
About the Indians  
And how they say  
True wisdom only comes from pain

Come a rumblin'  
Humblin' feelin'  
Like things will never  
Ever be the same

What doesn't kill you  
Only makes you strong  
And today I'm strong enough  
And anyway, I love the rain

Days like these I feel like I can change the world  
Days like these I feel like I can change the world  
Days like these I feel like I can change the world  
Days like these I feel like I can change the world  
Days like these I feel like I can change the world

### **ONLY TIME WILL TELL**

You're leaving now  
It's in your eyes  
There's no disguising it  
It really comes as no surprise  
To find that you planned it all along

I see it now  
Becomes so clear  
Your insincerity  
And me all starry-eyed  
You'd think that I would have to know by now

Now, sure as the sun will cross the sky  
This lie is over  
Lost, like the tears that used to tide me over

One thing is sure  
That time will tell  
If you were wrong  
The brightest ring around the moon  
Will darken when I die

Now, sure as the sun will cross the sky  
The lie is over

Gone, like the tears that used to tide me over

You're leaving now  
It's in your eyes  
There's no disguising it  
It really comes as no surprise  
To find that you planned it all along

I see it now  
Become so clear  
Your insincerity  
And me all starry-eyed  
You'd think that I would have to know by now

Now, sure as the sun will cross the sky  
This lie is over  
Lost, like the tears that used to tide me over

You're on your own  
Inside your room  
You're claiming victory  
You were just using me  
And there is no-one you can use now  
One thing is sure  
That time will tell

### **Sole Survivor**

When I ran the hounds of hell  
Twist my foot, I nearly fell  
I was lucky, I was alive  
One look back I could have died

I was the sole survivor  
Sole survivor  
Sole survivor  
Solitary fighter

When I saw it I was amazed  
One time glory right in my gaze  
I saw the sorrow, I saw the joy  
Light in the darkness, none could destroy

I was the sole survivor  
Sole survivor  
Sole survivor  
Solitary fighter

And from the wreckage I will arise  
Cast the ashes back in their eyes  
See the fire, I will defend  
Just keep on burning right to the end

I was the sole survivor  
Sole survivor

## Wildest Dreams

They decorated all the generals  
Who fought the war behind the lines  
They had forgotten all the soldiers  
The brandy puts them way behind the times  
Insanity has found its way to TV screens  
Vision seems impossible to me  
They fight (They fight!) for king (For King!) and country  
I never would have thought this in my

Wildest dreams, wildest dreams  
Wildest dreams, wildest dreams

When evening comes, we sit and watch the veejays  
Clips and rushes come from who-knows-where  
From Washington across to California  
With fighting breaking out in Leicester Square  
We see the soldiers moving on to victory  
And children trampled under marching feet  
They fight (They Fight!) for king (For King!) and country  
How many millions will they put to sleep?

Wildest dreams, wildest dreams  
Wildest dreams, wildest dreams, Fly away!

No, not in this world  
No, not in the next  
No, not in my wildest dreams

They recommended euthanasia  
For non-conformers anywhere  
Some men's dreams for others turn to nightmares  
This never would have happened in their

Wildest dreams, wildest dreams  
Wildest dreams, wildest dreams, Fly away!

No, not in this world  
No, not in the next  
No, not in my wildest dreams

## Finger On The Trigger

I go down fighting - thunder, lightning  
As the final curtain falls  
Although enlightening, the conclusion's frightening  
You have me by the balls

No escape, no hand of fate  
As the end comes into view  
Oblivion calling, no sense stalling  
Now I know it's all because of you

You got your finger on the trigger  
You got your hand upon the gun  
You know this thing is getting bigger  
We have a good thing going on ...

The bullet bitten  
My tombstone's written  
Now you're changing every line

Your aim is true  
Thru cold steel blue  
And you're waiting for the sign

Don't think twice, cold as ice  
Forced to face your fear  
Each tortured minute, no future in it  
And now I know it's all because of you

You got your finger on the trigger  
You got your hand upon the gun  
You know this thing is getting bigger  
We have a good thing going on ...

You got your finger on the trigger  
You got your hand upon the gun  
You know this thing is getting bigger  
We have a good thing going on ...

Just where you been, girl  
Black as sin, girl  
With your smokin' 45.

Take it further  
Scream blue murder  
And to hell with 'keep it live'

No regrets, last cigarettes, or 'promise to be true'  
One last kiss, remember this  
Now I know it's all because of you

You got your finger on the trigger  
You got your hand upon the gun  
You know this thing is getting bigger  
We have a good thing going on ...

You got your finger on the trigger  
You got your hand upon the gun  
You know this thing is getting bigger  
We have a good thing going on ...

You got your finger on the trigger

You know this thing is getting bigger  
You got your finger on the trigger  
You know this thing is getting bigger  
.

### **Voice Of America**

I heard you my the radio  
Some other time  
From some forgotten studio  
Way down the line  
So long, so long I've waited now  
To hear you again  
That song, that song will still remain  
Become an old friend  
And now, the tears are in my eyes  
The sound you can't disguise  
The truth comes back from lies  
And all I want to hear

Voice of America, ooh, America  
Voice of America, ooh, America

And then you came in stereo  
Calling to me  
And so I watch the videos  
Across the T.V.  
That sound, still ringing in my ears  
From a decade ago  
Around, around my head, the sound from my radio  
I thought, that after all these years  
The tears, the growing fears  
That I would never hear  
Never again

Voice of America, ooh, America  
Voice of America, ooh, America

Voice of America, ooh, America  
Voice of America, ooh, America

Voice of America, ooh, America  
Voice of America, ooh, America  
Voice of America, ooh, America  
Voice of America, ooh, America  
Voice of America, ooh, America  
Voice of America, ooh, America  
Voice of America, ooh, America  
Voice of America, ooh, America

### **The Smile Has Left Your Eyes**

I saw you standing hand in hand  
And now you come to me the solitary man

And I know what it is that made us live  
Such ordinary lives  
The where to go the who to see  
No one could sympathize  
The Smile Has Left Your Eyes  
The Smile Has Left Your Eyes

And I've become a rolling stone  
I don't know where to go or what to call my own  
But I can see that black horizon glooming  
ever close to view  
It's over now it's not my fault  
See how this feels for you  
The Smile Has Left Your Eyes  
The Smile Has Left Your Eyes

I never thought I'd see you  
Standing there with him  
So don't come crawling, back to me

I saw you standing hand in hand  
And now you come to me the solitary man  
And I know what it is that made us live  
Such ordinary lives  
The where to go the who to see  
No one could sympathize  
The Smile Has Left Your Eyes  
Now it's too late you realized  
Now there's no one can sympathize  
Now that the Smile Has Left Your Eyes

Now it's too late you realized  
Now there's no one can sympathize  
Now it's too late you realized  
Now that the Smile Has Left Your Eyes  
The Smile Has Left Your Eyes

### **Don't Cry**

Hard times you had before you  
I knew when I first saw you  
You girl you've always been mistreated, cheated

So leave it all behind you  
It took so long to find you  
I know that we can last forever  
ever and more, more, oh

Don't cry now that I've found you  
Don't cry take a look around you  
Don't cry it took so long to find you  
Do what you want,  
But little darlin', please,  
Don't cry

I knew I'd never doubt it  
I was so sure about it  
Don't think of all that's been before

Don't cry now that I've found you  
Don't cry take a look around you  
Don't cry it took so long to find you  
Do what you want,  
But little darlin', please,  
Don't cry

Don't cry now that I've found you  
Don't cry take a look around you  
Don't cry it took so long to find you  
Do what you want,  
But little darlin', please,  
Don't cry

Don't cry now that I've found you  
Don't cry take a look around you  
Don't cry it took so long to find you  
Do what you want,  
But little darlin', please,  
Don't cry

Don't cry  
Don't cry  
Don't cry

Don't cry now that I've found you  
Don't cry take a look around you  
Don't cry it took so long to find you  
Do what you want,  
But little darlin', please,  
Don't cry

Don't cry  
Don't cry  
Don't cry  
Don't cry

## **Open Your Eyes**

What on earth are you doing here in the western world?  
Another situation, yeah you're a different girl  
You have lived your life dreaming you were someone else  
Succeeding believing in yourself

Open your eyes  
And see the world that stands before you now  
Open your eyes  
And see the world that stands in front of you

You have spent your days trying for something new

You have looked at magazine girls, wishing that they were you  
Do you see in photographs an angel that once was you?  
Does she tell you stories that are true?

Open your eyes  
And see the world that stands before you now  
Open your eyes  
And see the world that stands in front of you

If I could stand with you right now and speak my mind  
I would tell you no lies  
I would shoot straight between the eyes

You have stared a thousand times, right into the lens  
Have you ever thought just once, does it all make sense?  
Your beauty is eternal so don't just pretend  
Got to wake up girl, or it's the end...

Open your eyes  
And see the world that stands before you now  
Open your eyes  
And see the world that stands in front of you

Open your eyes  
And see the world that stands before you now  
Open your eyes  
And see the world that stands in front of you

Open your eyes  
Open your eyes

## **Heat Of The Moment**

I never meant to be so bad to you  
One thing I said that I would never do  
A look from you and I would fall from grace  
And that would wipe the smile right from my face

Do you remember when we used to dance?  
And incidents arose from circumstance  
One thing lead to another we were young  
And we would scream together songs unsung

It was the heat of the moment  
Telling me what my heart meant

The heat of the moment showed in your eyes

And now you find yourself in '82  
The disco hot spots hold no charm for you  
You can concern yourself with bigger things  
You catch the pearl and ride the dragon's wings

'Cause it's the heat of the moment  
Heat of the moment  
The heat of the moment showed in your eyes

And when your looks are gone and you're alone  
How many nights you sit beside the phone?  
What were the things you wanted for yourself?  
Teenage ambitions you remember well

It was the heat of the moment  
Telling me what your heart meant  
The heat of the moment showed in your eyes

Heat of the moment  
Heat of the moment  
Heat of the moment

Heat of the moment  
Heat of the moment
