Dear Sandra,

I wanted to reach out to congratulate you on your new book, *Faith* and on your profile in the New Haven Register. What an outstanding accomplishment that will surely have a positive impact on children and adults alike. I was proud to read of how you used your unique story to benefit others, and I am excited to see the well-received response your book is sure to generate.

I know you will continue to see great success in the future and I look forward to seeing all that you do.

With my best wishes and warmest regards,

Sincerely,
