

Delta Sigma Theta Sorority, Inc. is leading the charge with Michelle Obama's [When We All Vote](#), a non-profit, non-partisan organization on a mission to change the culture around voting and ensure that our communities are ready and registered to vote in 2020.

We are calling on Sorors to become Voting Squad Captains, participate in the Delta Sigma Theta (DST) Voter Registration Challenge, and get excited about our 2020 partnership with When We All Vote.

DST VOTER REGISTRATION CHALLENGE

We will be launching a voter registration challenge amongst all DST regions as an initiative for a call to social action. In order to participate, Sorors of your region will need to be trained as When We All Vote (WWAV) Voting Squad Captains and conduct voter registration efforts through DST's voter registration portal. We will announce the results of the Voter Registration Challenge after the November 3rd Election.

STEP ONE: Invite Sorors to Attend ONE When We All Vote Training

We have set up the following training sessions in June with When We All Vote to share important information and DST specific resources to be successful in this challenge. These trainings are **essential** for When We All Vote to provide the resources, structure, and guidance needed to measure our national impact and participate in the regional challenge. Sorors will only need to attend **ONE** (1) Webinar.

We are **especially** requesting National, Regional and State Leadership of DST to spread the word and help us move the needle forward with getting members of our organization registered to vote.

When:

For National, Regional and State Leadership:

1. **Tuesday, June 16th at 10:00- 11:00 PM EST:**

STEP TWO: Participate in the DST Voter Registration Challenge

Together, Delta Sigma Theta Sorority, Inc. and When We All Vote, will work to register thousands of people around the country and measure the impact of DST's work nationally.

Voter Registration Resources: As a partner of When We All Vote, Delta Sigma Theta Sorority, Inc. receives additional voter registration resources and information. ONLY by using these resources in your efforts will you be able to quantify the impact DST has in registering voters throughout 2020.
