## Mood

Shoppino is an old stable and woodshed that has been lovingly restored by local craftsmen.

It is not a shop “to visit”, but a cosy place where extra virgin olive oil meets art, handmade ceramics and the stories of those who live in this land every day.

## Your guests will be able to:

- Intimately taste our premium extra virgin olive oils (balanced blends, intense monocultivar, natural infusions such as lemon, chilli pepper or garlic), discovering flavours that tell the story of centuries-old olive trees and careful hands.
- Touch unique ceramics made by skilled artisans.
- Be surprised by contemporary works of art inspired by Puglia (by local and international artists), in a slow, authentic atmosphere perfect for those seeking a moment of true connection.

Small and cosy, Shoppino is ideal for a quiet afternoon or for choosing an authentic design and craft objects to take with you.

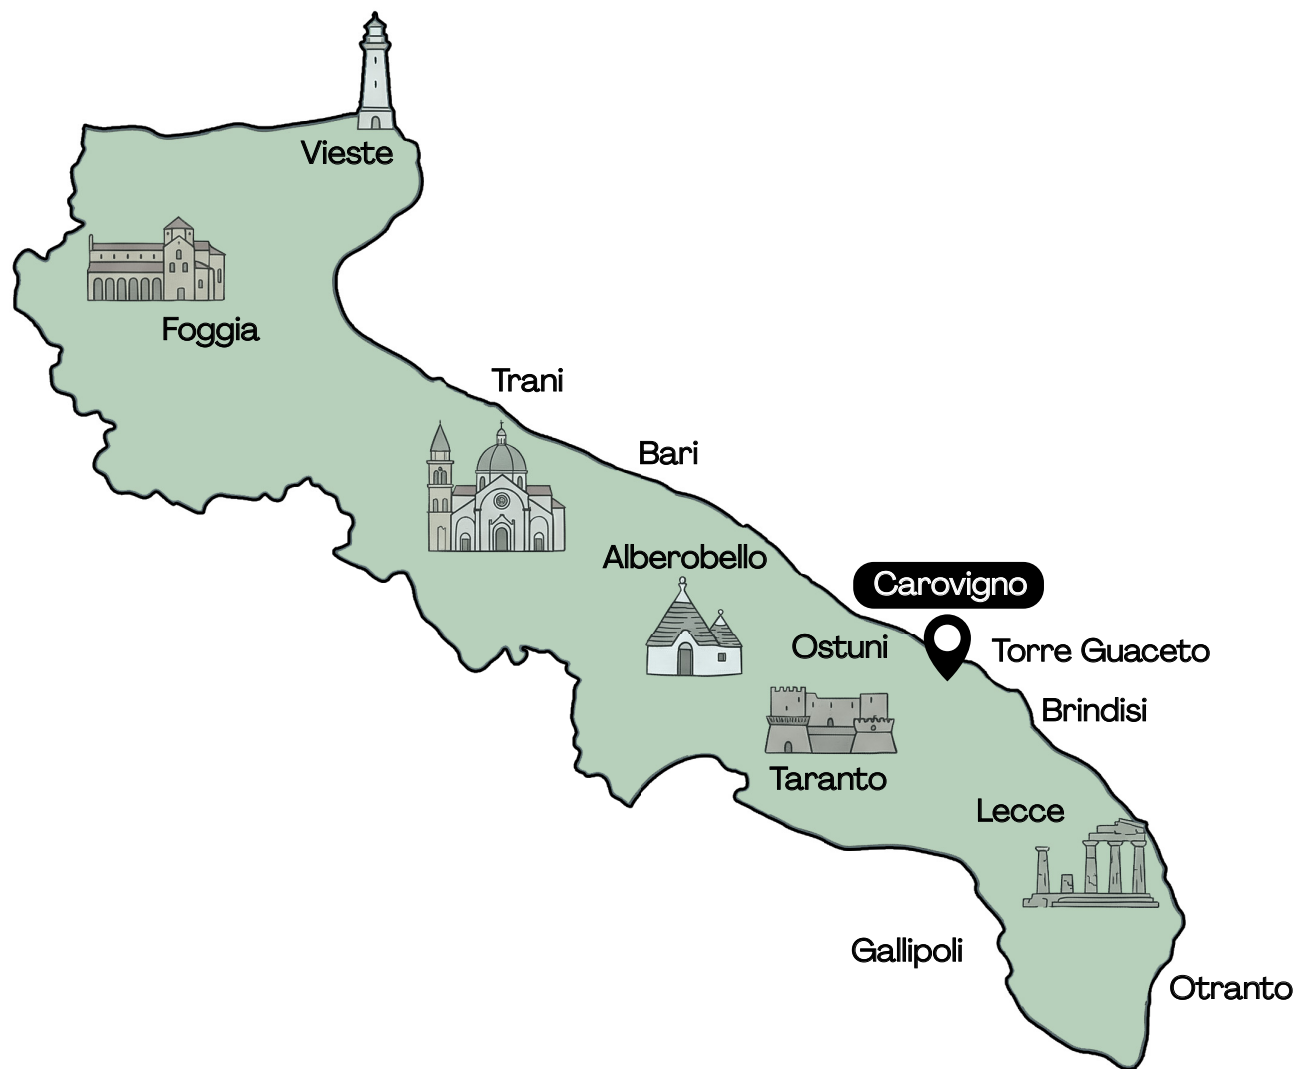

An Evo Oil to use in your kitchen at home, a bowl that evokes the rural colours of our land, an emotion to share with those who remain far away.

And for those who want to immerse themselves even more, we create very personalised **tastings upon reservation for up to 8 people** (available all year round): we shall talk together about how a true extra virgin olive oil is made, we taste and comment on aromas and flavours.

It is a **tasting experience** that educates and raises awareness among those who love the taste of extra virgin olive oil, offering a **light sensory journey**.
