

Madame en CIRQUE

La Fiera Collective

Madame CIRQUE

Lucia Fusina

The true nature of **Madame Cirque**, the living embodiment of the essence of the circus, the overwhelming wonder of foreign performances, and many other things, remains delightfully elusive.

Madame does not mince words: she freely expresses her thoughts, charming and captivating her audience with tales of love, travel, and adventure, told with an old-fashioned yet timeless presence, style, and atmosphere.

Madame Cirque reveals the comic side of life, while highlighting the drama and tragedies we all encounter in our modest existences: romantic disappointments, failures, unexpected twists of fate...

Madame Cirque's small circus is populated by extraordinary characters who bring to life incredible stories of love, death, and rebirth, twirling in a carousel of impossible and almost true stories that repeat themselves endlessly in the world and in the life (of the circus).

Whether wandering through public spaces or on stage, **Madame Cirque** presents an absurd and exhilarating universe, captivating audiences with an impossible tone that transforms tragedy into comedy and vice versa.

WALKING ACT

Show lasting approximately 45 minutes with stilts
1 hour interval between performances.
Maximum 4 performances per day. No technical
requirements in terms of sound. In the event of a
night-time performance, lighting must be provided at
