Chapter 28. Buildings, Numbering

[HISTORY: Adopted by the Township Committee of the Township of Montague 1-14-92 as Ord. No. 91-12. Amendments noted where applicable.]

§ 28-1. Numbering required.

The owner or owners, occupant or occupants, of each and every dwelling house, store or other building which now exists or may hereafter be constructed in the Township of Montague, shall at their own expense cause the same to be properly numbered in accordance with the building and numbering map on file in the Office of the Township of Montague.

§ 28-2. Intent, limitations.

Nothing contained in this chapter shall be construed as an intention on the part of the Township Committee of the Township of Montague to except any street, road or avenue within the Township of Montague which is not presently a public street, road or avenue, or to assume any responsibility for the maintenance of any street, road or avenue.

§ 28-3. Specifications.

Each building number shall be displayed in numerals or letters not less than three inches in height and shall be visible from the street on which the property fronts at the point where the street access to such property intersects with the street. Multi-family dwelling units shall, in addition to displaying a number for the building, identify each separate dwelling unit at its entrance.

§ 28-4. Violations and penalties.

Any person who shall fail to comply with the provisions of this chapter within 60 days after its final passage shall be subject to a penalty of not less than \$50 nor more than \$500. Failure to comply with the provisions of this chapter respecting any separate property within the Township of Montague shall constitute a separate offense.
