

RiverWoods Road Work Update – August 5, 2026

Greetings Everyone,

Audia will be starting curb removals in Central Park tomorrow. This means that removals in River Woods, North Woods and Meadow Villages will happen in the next week or so. Pouring new concrete will proceed after removals. Remember that removals will be phased to allow for at least one lane of traffic. We will be handing out door hanger notifications to directly affected residents before the removals begin.

Most subs have been sawcut already. Please ask residents to be patient through the minor disruptions to their routines.

Typically, from demolitions to completion in your sub, it will be about 3 weeks, weather permitting.
