Subject: SCAM EMAIL ALERT

Hello HOA Board Members/Management Companies,

It has come to our attention that some of our HOAs are receiving the email below. We wanted you to know it is **NOT** from Canton Township. They use our physical address in the email, but as you can see the email address does not belong to the Township. In addition, Canton Township does not collect any dues from neighborhoods or condos – each Association does it individually, and we are not part of the process.

Please do not reply to the email below, it is a scam and a phishing attempt to gain your information. We suggest deleting it immediately if you get it.

We always appreciate hearing from you if you suspect something is not right with an email related to the Township.

Thank you and Happy New Year,

Amy Hughesdon
