

This architectural elevation drawing shows a building facade with vertical siding. The facade features several windows: a large double window at the top, a smaller double window below it, a large double window in the middle, and two smaller double windows at the bottom. A door is located on the left side of the facade. The drawing is oriented vertically, with the top of the building at the top of the image.

- * All room dimensions include closets and square footage figures are approximate.
- * Transom windows are available on optional 9'-0" sidewall houses only.
- * Skirting shown is optional.
