1.00 Recognition

The District Board of Trustees of Broward College, hereinafter referred to as the Board, recognizes the United Faculty of Florida, Broward College Chapter, hereinafter referred to as UFF-BC or the Union, as the exclusive collective bargaining representative for those Faculty members certified by the Public Employees Relations Commission in Case No. RC-81-009 and Certification No. 539 dated May 22, 1981, who are employed by Broward College with respect to wages, supplements, hours, and other terms and conditions of employment.

Collective Bargaining Agreement 2020-2023

ARTICLE 2

2.00 Faculty Rights

2.10 Non-Discrimination

Broward College as an institution of higher learning is dedicated to the inculcation of the highest ideals of citizenship in a free society. The College seeks to set a proper example by complying fully with all relevant laws enacted at every level of government. Consistent with the American ideal of equality of citizens and the dignity and worth of each person, the College hereby states that equal employment opportunity and advancement are guaranteed consonant with appropriate laws without regard to race, religion, color, national origin, sex, creed, age, disability, sexual orientation, and/or marital status. All members of the Faculty are expected to assist in making this policy a practical reality.

The Board and the Union agree that all provisions of this Agreement shall be applied to all employees covered by this Agreement and that the Board and the Union affirm their joint opposition to any discriminative practices in connection with employment, promotion, and/or training, remembering that the public interest requires the full utilization of employee skills and ability without regard to race, color, creed, national origin, sex, religion, age, disability, sexual orientation, and/or marital status. The aforementioned opposition to any discriminative practices applies to sexual harassment as defined by College Policy 6Hx2-3.31.

All employees of Broward College covered by this Agreement shall have the right to join or to refrain from joining the Union, to engage in lawful concerted activities for the purposes of collective bargaining or other mutual aid and protection, to express or communicate to management any view, grievance, complaint, or opinion, related to the condition of compensation of public employees or their betterment as provided for in this Agreement, all free from restraint, coercion, discrimination, or reprisal.

2.20 Appointment and Continuing Contract

All initial full-time Faculty appointments shall be in a form approved by the State Commissioner of Education, and shall specify in writing the appointment date, the expiration date, the salary, and whether the appointment is continuing contract eligible or not eligible for continuing contract. All initial full-time Faculty appointments shall be annual contracts. Upon award of continuing contract, a Faculty member shall be granted a continuing contract. A "continuing contract" is a contract between a Florida college and a member of the college's faculty which entitles the faculty member to continue in his or her respective full-time faculty position at the college without the necessity for annual nomination. For purposes of this Collective Bargaining Agreement continuing contract is a form of tenure.

Collective Bargaining Agreement 2020-2023

2.21 Temporary Appointments

Full-time Faculty appointments may be made with service not counted toward continuing contract. Such temporary appointments shall be limited to:

- A. Replacement of Faculty on leave;
- B. Appointment pending initiation or completion of the search/screening process.

Temporary appointments shall expire automatically at the completion of the appointment and shall not exceed two consecutive academic years.

2.22 Continuing Contract Appointments

A. Continuing contract shall be granted subject to the following:

1. Beginning with the 2013-2014 academic year, all full-time continuing contract eligible Faculty members shall serve a probationary period of five (5) full years at Broward College during a period not in excess of seven (7) total years. In all cases, such service shall be consecutive except for leave duly authorized and granted.
2. The probationary period may be extended beyond five (5) years but not in excess of seven (7) years total upon the recommendation of the College President and approval by the Board of Trustees. Written notice of the extension shall be given no later than February 1st of the fifth year of appointment. An improvement plan, mutually developed by the administration and the Faculty member, reflecting the terms and conditions of the Collective Bargaining Agreement shall accompany the written notice of extension. The contract of a faculty member who is not awarded continuing contract by the completion of seven (7) years will not be renewed.
3. Faculty hired for the 2012-2013 academic year or earlier shall have served for three (3) full years during a period not in excess of five (5) years.

Collective Bargaining Agreement 2020-2023

 - f. Employ diverse teaching methods to accommodate various student learning styles and various levels of academic preparation;
7. Professional development shall be an integral component of continuing contract consideration for a Faculty member. Pursuant to CBA Article 7.40 (Professional Development) "...a Faculty member shall submit and complete a professional development plan."
8. Faculty shall maintain currency in and scope of their discipline area knowledge by pursuing coursework and/or equivalent educational activities (e.g., professional conference attendance) (CBA Article 7.40 Professional Development).

 11. Service to the department, college, and community pursuant to CBA Article 7.20 (Professional Obligations) that includes active participation in college-wide shared-governance (CBA Article 2.81), campus shared-governance (CBA Article 2.82), department shared-governance (CBA Article 2.83), and curriculum development (CBA Article 2.84).
 12. Regular participation in executing Article 7.80 (Assessment) as a measure of student learning outcomes.
- B. Continuing contract is granted by the Board upon the recommendation of the College President to Faculty who have successfully performed their duties and demonstrated professional competence pursuant to the criteria in 2.22.A.4.a.1-12 above.
- C. All candidates for continuing contract will be reviewed by a continuing contract review committee ("CCRC") of Faculty.
1. The CCRC members will be selected by the UFF-BC President, the Faculty Senate President, and the College Provost or their designees from each.
 2. The CCRC shall consist of ten (10) continuing contract Faculty, at least one selected from each of the eight (8) different Pathways as well as one Faculty librarian and one Faculty counselor. If a Pathway Faculty or Faculty librarian, or Faculty counselor is not available, another Faculty shall be appointed from any area.
 - a. From the ten (10) Faculty members of the CCRC, the Faculty chair of the CCRC shall be elected by the members of the Committee.
 - b. An effort should be made to include members from the same or similar academic disciplines as the candidates for continuing contract.
 3. The CCRC shall review the candidacy of each applicant for continuing contract pursuant to CBA Article 2.22.A.4.a.1-12.
 - a. Each candidate shall submit separate copies of the required criteria to the chair of the CCRC and to the candidate's Associate Dean/immediate supervisor.
 - b. The candidate shall submit a copy of the candidate's Self-Assessment for each of the first four years of continuing contract eligibility.
 - c. Candidacy (to include all required criteria pursuant to this article) shall be submitted by October 16 during the fifth year (or the sixth or seventh year, if applicable) of the probationary period.
 - d. Each member of the CCRC shall register, by anonymous ballot, a vote on each candidate.

Collective Bargaining Agreement 2020-2023

4. By December 01 of the fifth year (or the sixth or seventh year, if applicable) of the probationary period, based upon the majority vote concerning each candidate, the CCRC will provide a recommendation for granting continuing contract, denying continuing contract, or an extension of the probationary period (pursuant to Article 2.22.2) concerning each candidate. The recommendations shall be sent to each candidate's Associate Dean/immediate supervisor, Pathway Academic Dean, Vice Provost of Academic Affairs, and the College Provost. The Provost will include the CCRC recommendation in the Provost's recommendation to the College President.
 - a. The Associate Dean will submit the Associate Dean's recommendation pursuant to the administration's directive.
 - b. The votes of each CCRC member and the CCRC's recommendations shall remain confidential and shall not be publicly posted.
 - c. Since the CCRC merely makes a recommendation, the final decision concerning continuing contract is the purview of the College President and the College's Board of Trustees (see CBA Article 4.10.C "Management Rights").

A written contract shall grant continuing contract effective only at the beginning of the following academic year.

During the probationary period, the Faculty member shall be on annual contract, on a year-to-year basis. Such annual contract shall not create the expectancy of employment beyond the term of the contract, since the College owes no further contractual obligation to the Faculty member at the expiration of an annual contract and the Board has no legal obligation to renew the contract of a Faculty member on annual contract. Non-renewal of the annual contract shall not entitle the Faculty member to a hearing or the reasons for non-renewal.

An appointment to the Faculty may be terminated during the probationary period by written notice of the administration not to reappoint or by written notice of the Faculty member not to return. Written notice to terminate the Faculty member's contract during the probationary period shall be given by the College administration February 1st of the academic year.

Non-renewal does not release the College from the contractual commitment to compensation for the faculty member until the term of the contract expires nor does it release the faculty member from continuing to serve the College until the term of the contract expires.

Each faculty member issued a continuing contract shall be entitled to continue in his or her respective full-time faculty position at the college without the necessity for annual nomination upon completion of a satisfactory evaluation except as provided by other sections of the Collective Bargaining Agreement.

If the Faculty member moves to a position that does not have Faculty status, the Faculty member may request administrative leave from the continuing contract position.

Collective Bargaining Agreement 2020-2023

2.23 Termination of a Faculty Member's Contract

A full-time Faculty member's contract may be terminated or suspended for just cause by the Board upon recommendation of the President of the College provided that the procedures described herein are followed.

When charges arise that may lead to the termination of a Faculty member's contract, the appropriate Administrators should ordinarily meet with the Faculty member to discuss the issues. The Faculty member shall be given five calendar days advance notice, excluding official Broward College holidays, of the meeting. The notice shall include the exact time and location of the conference, the topic(s), and the right of the Faculty member to have a representative at the meeting. If the matter is not resolved at this point, the appropriate administrative official(s) may make a recommendation for further action to the College President.

Official Broward College holidays are those set forth on the Administrative Calendar that is set by the Board of Trustees.

2.231 Commencement of Formal Proceedings

In order to initiate formal proceeding under this section, the College President, or his/her designee, shall deliver (by hand delivery or certified mail) a statement of the grounds for the proposed action to the Faculty member and to the Board. Such statement of the charges shall also inform the Faculty member of his/her right to request a hearing before the Board or before an independent Hearing Officer.

2.232 Suspension During Proceedings

When the above-described charges are made against a Faculty member, the Board may suspend the Faculty member pending a speedy, informal hearing before the Board, if the Faculty member requests such a hearing. The Board, at such an informal hearing, shall determine whether the employee shall be suspended and, in cases of suspension, shall determine whether the suspension shall be with or without pay. If the charges are not sustained upon final hearing, the Faculty member shall be immediately reinstated and withheld salary, if any, shall be paid.

2.233 Response to Charges

Within fifteen calendar days, excluding official Broward College holidays, from the receipt of the statement of charges, the Faculty member shall deliver (by hand delivery or certified mail) to the President of the College and the Board a reply to each charge. The Faculty member shall also indicate whether he/she is requesting a hearing before the Board or before a Hearing Officer.

2.234 Consideration by the District Board of Trustees

If no hearing is requested, the Board shall consider the statement of charges, the response (if any), and the evidence adduced at the informal hearing (if any), and any additional evidence the Faculty member may wish to present, in determining whether to sustain the charges. The Board

Collective Bargaining Agreement 2020-2023

shall permit the parties to submit briefs prior to the final decision. The Board's final decision shall be in writing and shall address all the charges brought against the Faculty member. Any decision adverse to the Faculty member shall be made by an affirmative vote of a quorum of the full membership of the Board. A quorum shall be defined as a majority of the Board members. A copy of the Board's final decision shall be delivered (by hand delivery or certified mail) to each party and to each party's representative.

2.235 The Hearing Officer

If the Faculty member requests a hearing before a Hearing Officer, the selection of the Hearing Officer shall be made by the following process:

1. The Hearing Officer may be a person mutually selected by the College and the Faculty member.
2. If the parties cannot agree on the selection of a Hearing Officer, it is agreed that the Federal Mediation and Conciliation Service shall be contacted to provide a panel of prospective Hearing Officers.
3. Either party may reject the first panel submitted by the Federal Mediation and Conciliation Service and request a second panel.
4. The Hearing Officer shall be selected from the panel by alternate striking.

If the Faculty member requests a hearing before a Hearing Officer, the parties shall be given at least fifteen calendar days, excluding official Broward College holidays, notice of the hearing date. The parties may be represented by counsel at the hearing, but such representation is not required. At the hearing, the parties shall have the opportunity to present witnesses and documentary evidence, and to cross-examine witnesses. The parties may make an opening statement. The Florida Rules of Evidence shall be used as a guide in determining the admissibility of evidence, but shall not be strictly applied in proceedings under this section. The evidentiary hearing shall be recorded by a court reporter or recording device as agreed by both parties. At the conclusion of the hearing, either party may waive the making of a closing statement and may instead file a post-hearing brief. The Hearing Officer shall determine the time period within which any brief shall be served. However, any party submitting a brief shall have at least ten calendar days, excluding Broward College holidays, within which to mail his/her brief.

The Hearing Officer's recommendation shall be in writing and shall address all the charges set forth in the statement of charges. A copy of the Hearing Officer's recommendations shall be delivered (by hand delivery or certified mail) to each party and to each party's representative.

The Board shall review the charges, the evidence, and the recommendation of the Hearing Officer. The Board shall hold a public meeting to have such a review and shall provide the Faculty member with the opportunity to be heard at that meeting prior to making a final decision. The Board's final decision shall be by an affirmative vote of a quorum of the full membership of the Board. A quorum shall be defined as a majority of the Board members. The final decision shall be in writing, and shall address all of the charges brought against the Faculty member. A copy of the Board's final decision shall be delivered (by hand delivery or certified mail) to each party and to each party's representative.

Collective Bargaining Agreement 2020-2023

2.236 Hearing before the Board of Trustees

If the Faculty member requests a hearing before the Board, the parties shall be given at least fifteen calendar days, excluding official Broward College holidays, notice of the hearing date. The parties may be represented by counsel at the hearing, but such representation is not required. At the hearing, the parties shall have an opportunity to present witnesses and documentary evidence, and to cross-examine witnesses. The parties may make an opening statement. The Florida Rules of Evidence shall be used as a guide in determining the admissibility of evidence, but shall not be strictly applied in proceedings under this section. The evidentiary hearing shall be recorded by a court reporter or recording device as determined by agreement of both parties. At the conclusion of the hearing, either party may waive the making of a closing statement and may instead file a post-hearing brief. The Hearing Officer shall determine the time period within which any brief shall be served. However, any party submitting a brief shall have at least ten calendar days, excluding official Broward College holidays, within which to mail his/her brief.

The Board's final decision shall be by an affirmative vote of a quorum of the full membership of the Board. A quorum shall be defined as a majority of the Board members. The final decision shall be in writing, and shall address all of the charges brought against the Faculty member. A copy of the Board's final decision shall be delivered (by hand delivery or certified mail) to each party and to each party's representative.

2.237 Arbitration of Decision of Board of Trustees

The final decision by the Board shall be subject to the grievance and arbitration procedures (Article 2.30 of the Collective Bargaining Agreement).

2.30 Grievance Procedure

The Board and the Union agree that prompt and just settlement of grievances is of mutual concern and interest. Therefore, the parties shall attempt to settle all grievances promptly and fairly at the point of origin.

Section 1

Any claim by a Faculty, group of Faculty, or the Union at the request of a group of Faculty, that there has been a violation, misinterpretation, or misapplication of any division of this Agreement, may be processed as a grievance as provided hereinafter. Nothing in this article shall require the Union to process a grievance if the Union determines that the grievance lacks merit. Nothing in this article shall be construed to prevent Faculty from presenting, at any time, their own grievance in person or by legal counsel to the College and having such grievance adjusted without the participation of the Union.

However, an adjustment must be consistent with the terms of this Agreement, and the Union must be given a reasonable opportunity to be present at any meeting called for the resolution of any grievance. Duty days shall be defined as duty days on the Faculty Instructional Calendar.

Collective Bargaining Agreement 2020-2023

Section 2

In the event that a Faculty believes that there is a basis for a grievance, the Faculty shall first discuss promptly the alleged grievance with the immediate supervisor either personally or, if the Faculty prefers, accompanied by a Union representative, within 25 of the Faculty's duty days from the date on which the Faculty could reasonably have known of the occurrence of the event giving rise to the alleged grievance. It is agreed that when the grievant is satisfied with the College's response, processing of the grievance will automatically terminate.

Class grievances and/or UFF-Broward College Chapter Executive Council grievances that might or might not involve multiple immediate supervisors may be submitted at Step 2 bypassing Step 1. Such grievances shall be submitted to the Vice Provost of Academic Affairs within 25 Faculty duty days from the date on which a grievant class and/or the UFF-BC Chapter Executive Council could have reasonably known of the circumstances giving rise to the alleged grievance.

Step 1

If, after the informal discussion with the immediate supervisor, an alleged grievance still exists, the following formal grievance procedure may, at the option of the grievant, be invoked through the Union. Within 5 duty days of the informal discussion, the Faculty shall submit the form set forth in Appendix A, signed by the grievant and a representative of the Union, which form shall be available from the College's Office of General Counsel and from the Union.

Within 5 duty days of receipt of the grievance, the immediate supervisor and the appropriate Dean shall meet with the grievant and the Union representative in an attempt to resolve the grievance. The Dean will indicate the disposition of the grievance in writing within 5 duty days after such meeting, and shall furnish a copy thereof to the Union.

Step 2

If the grievant is not satisfied with the disposition of the grievance, or if no disposition has been made within the specified time limit, the grievance shall be submitted to the Vice Provost of Academic Affairs within 5 duty days of the disposition of the grievance at Step 1. Within 5 duty days the Vice Provost of Academic Affairs or designee shall meet with the grievant and the Union representative and shall indicate the disposition of the grievance in writing within 5 duty days of the meeting.

Step 3

If the grievant is not satisfied with the disposition of the grievance, or if no disposition has been made within the specified time limit, the grievance shall be submitted to the President or designee, within 5 duty days of the disposition of the grievance at Step 2. Within 5 duty days, the President or designee shall meet with the grievant and the Union representative and shall indicate the disposition of the grievance in writing within 5 duty days of the meeting.

Collective Bargaining Agreement 2020-2023

Section 3

If the grievant is not satisfied with the disposition of the grievance by the President or designee, or if no disposition has been made within the specified time limit, the grievance may be submitted by the Union (with the consent of the grievant) to arbitration before an impartial arbitrator within 50 duty days of the disposition at Step 3 or expiration of the time limit. An extension of the time limit will be granted upon mutual agreement. In the event that the Union does not elect to initiate arbitration on behalf of the grievant, the grievant may then initiate arbitration on his or her own behalf. The arbitrator shall be selected from the Federal Mediation and Conciliation Service in accordance with its rules, which shall also govern the arbitration proceedings. The parties agree the award of the arbitrator shall be final and binding.

The College and the Union shall share equally the expense of the arbitrator so long as the Union decides to initiate arbitration on behalf of the grievant. In the event that the Union does not elect to initiate arbitration, the grievant and the College shall share equally the expense of the arbitrator. In either instance, each party shall be responsible for any additional expenses it chooses to incur, including attorney's fees and costs. Adjustments of any grievance shall be consistent with the provisions of this Agreement. The arbitrator shall be prohibited from modifying, changing, adding to, or subtracting from the terms of this Agreement or any supplementary written, approved amendment entered into mutually by the parties. Any case appealed to the arbitrator upon which the arbitrator has no power to rule shall be referred back to the parties without decision.

Section 4

1. The time limits in this article may be modified by written agreement of the parties. The time limits in this article shall be strictly observed by all parties and the number of days written at each level will be considered a maximum - every effort will be made by the parties to expedite the process.
2. The Union shall have the right to initiate class grievances at Step 2.
3. Nothing in this article shall require the Union to process grievances for Faculty who are not members of the Union.
4. The parties agree that a settlement of any grievance by the parties prior to the rendering of a decision by an arbitrator shall not constitute an admission that the Collective Bargaining Agreement has been violated, nor shall such settlement constitute a precedent for the interpretation or application of the provisions of the Agreement.
5. No reprisal of any kind will be made by the Board against any grievant, any witness, any Union representative or any other participant in the grievance procedure by reason of such participation.

2.40 Reduction in Force: Layoff and Recall

In the event the Board determines that the number of bargaining unit employees must be reduced for any reason, such reduction in bargaining unit members shall be based on objective, reasonable, and non-discriminatory standards which shall not be arbitrary nor capricious nor deprive employees of other rights conferred by this Agreement or the laws of Florida and the United States. If a reduction in the number of bargaining unit members is determined to be necessary, the following procedure shall be controlling:

A. Reduction:

1. Faculty affected by a reduction in force will be determined by the academic needs of the discipline. The determination of which Faculty will be affected will be based on an analysis of the qualifications of the Faculty to teach the remaining courses, the accreditation standards of the appropriate agencies and annual contract status. All the above being equal, length of service shall be the determining factor. Seniority is defined as full-time employment at Broward College as a Faculty or an administrator on an equal basis.

2. Faculty affected by layoff will be notified, if practicable, by April 30 for a reduction to become effective in the forthcoming Fall Semester; by October 1 for a reduction to become effective in the forthcoming Spring Semester; and by February 1 for a reduction to become effective in the forthcoming Summer Sessions. In the event this notice is not practicable, the affected Faculty will be given at least 60 calendar days' notice prior to the semester or Summer Session in which the reduction occurs.

3. Upon notification of a reduction in force, affected Faculty have the following benefit options effective July 01, 2019:

a. RIF Benefit Option: The Faculty will receive a financial amount that is the equivalent to the employer portion of 3 months of College employee insurance coverage (i.e., health and dental only) and 10% of the Faculty's base salary. Affected Faculty shall have the right to participate in College insurance programs for an additional eighteen (18) months at no cost to the College. The selection of the RIF Benefit Option shall be made within twenty-five (25) months from the date of layoff.

b. Article 6.23 Benefit Option: Pursuant to Article 6.23, Faculty have the option to resign or retire. Such a choice may be more beneficial to the Faculty in the form of terminal leave payout and shall be made within twenty-five (25) months from the date of layoff. Faculty who select this option are not subject to recall.

Collective Bargaining Agreement 2020-2023

c. If no choice is made within twenty-five (25) months from date of layoff, then the terminal leave payout shall be effectuated by the College.

B. Recall:

1. Faculty members affected by a reduction in force will be placed on a recall employment list for two years following the reduction in force, with the last member laid off being the first to be recalled.
2. All benefits to which a Faculty member was entitled at the time of layoff shall be restored in full upon reemployment within the recall period.
3. The College shall notify the recalled employee by certified mail to the last known address of the employee. The burden is on the employee to notify the Human Resources Department of any change in address. In the absence of written notice from the employee, within 15 days of receipt of the recall, of an intent to return to work at the beginning of the next semester, the College shall recall the next name on the recall list. Failure of the Faculty member to respond or to return as agreed shall constitute voluntary termination.

2.50 Personnel Files

There shall be one official personnel file for each Faculty member. The official file shall be maintained in the College's Human Resources Department.

No anonymous letter or anonymous materials shall be placed in the personnel file. Any material placed in a faculty member's file will be consistent with the mission of the college and will not violate College policy, including College policies on equity and non-discrimination.

Materials relating to work performance, discipline, suspension or dismissal should be acknowledged by the Faculty member, reduced to writing, signed and dated by an appropriate College supervisor. No such materials (with the exclusion of annual evaluations) shall be placed in the personnel file unless they have been reduced to writing within 90 calendar days of Human Resources conclusion of the College's investigation into the facts reflected in the materials. If the Faculty member refuses to acknowledge such materials, the appropriate College Administrator must state that fact on the materials. The Faculty member's signature on a copy of the materials to be filed shall be proof that such materials were given to the Faculty member, with the understanding that such signature merely signifies receipt, and does not necessarily indicate agreement with the contents. No material older than 10 years will be valid for use in any discipline, suspension, or dismissal action.

Upon request, Faculty members shall be permitted to examine the contents of their personnel file. Faculty members have the right to answer any material in their personnel file and the answers shall be attached to the file copy. The Human Resources Department shall provide, upon written

Collective Bargaining Agreement 2020-2023

request by the Faculty member, one set or portion thereof, of the Faculty member's personnel file per year at no cost to the Faculty member.

2.60 Proprietary Rights

Such activities increase professional knowledge, provide creative models for students, and bring recognition to the College. These developments may involve the use of College time and resources. The policy listed below therefore defines the rights and obligations of all parties concerned.

PERSONS COVERED UNDER THE POLICY – The policy is intended to cover relevant activities of all full-time instructional and non-instructional Faculty.

MATERIALS SUBJECT TO COPYRIGHT AND PATENT – In general, the materials subject to copyright and patent will be divided for discussion purposes into the following major categories:

- ∞ Technological materials such as computer programs, computer-controlled multimedia including videodiscs, CD ROMS, etc., and television related materials, such as educational materials and video programs developed and released through cable television, open broadcast television, videocassette and the like, all of which are normally covered by copyright laws.
- ∞ Scientific products and discoveries, which are usually subject to patent as opposed to copyright laws.

All materials covered by this policy should be interpreted under one of the above categories.

DETERMINATION OF RIGHTS – To determine the disposition of rights to copyrightable materials and patents developed by instructional and non-instructional Faculty, such rights will be interpreted within the framework of the categories listed below:

Individual Effort – Right to copyrightable materials or patents that are generated as a result of individual initiative and not as a specific College assignment shall reside solely with the author or inventor. This includes materials generated while on sabbatical or with the incidental use of College facilities and/or resources.

Collective Bargaining Agreement 2020-2023

College Assisted Individual Effort – When the College provides support of an individual effort resulting in copyrightable materials or patents by contributing faculty time, facilities and/or other College resources, the College is entitled to certain rights and privileges as listed below.

- ∞ The College shall be granted a royalty-free license to make full use of all products and processes so developed pursuant to this section.
- ∞ The College will recover all costs, supported by detailed records on time and materials.
- ∞ Generally, copyrights and patents will be held in the name of the College Faculty member concerned. However, agreement between the individual and the College may create other rights and responsibilities, including joint ownership.

College Initiated and Supported Efforts – Ownership of copyrightable material or a patent relating to materials or processes identified above, developed as a result of specific assignment by the College or arising out of the duties for which the individual was specifically employed by the College, shall reside with the College. Under special circumstances, the College may share royalty income with the author or inventor upon recommendation by the College and approval by the Board.

Sponsor Supported Efforts – College Faculty who produce copyrightable material or a patent under sponsor-supported projects shall be governed by the specific terms and conditions of the sponsorship contract. College personnel are responsible for determining, in advance, the terms of sponsorship and executing a Copyright/Patent Royalty Agreement with the sponsor.

Royalty Income – Royalty income from copyrighted materials and patents shall be distributed as listed below.

Individual Effort – Income derived from materials and patents produced from the individual initiative of College Faculty, as defined above, shall accrue solely to the author or inventor. *College Assisted Individual Effort* – Income derived from individual efforts which are complemented by College time, facilities and/or resources, as defined above, shall accrue solely to the author or inventor. However, repayment to the College must be made by the individual(s) concerned, as outlined above, which also outlines the other rights of the College in these cases.

The above holds in all cases except those in which the individual(s) request, and the College agrees to permit the College's name to be used in connection with the product or process and also agrees to market or assist in acquiring a marketing source for the product or process. In these cases, royalties will be shared with the College receiving 25 percent and the individual(s) receiving 75 percent, unless a written agreement is executed and approved by all parties prior to the granting of the copyright or patent.

Collective Bargaining Agreement 2020-2023

College Initiated and Supported Efforts – When copyrighted material or a patent is generated by a specific College assignment or as a result of labors for which the individual was employed, for any matters covered under the above information, the College shall be the sole recipient of all income derived there from. In specific instances, where an exceptional individual-initiative product results, and only after College recommendation and Board approval, portions of income derived there from may be shared between the College and the author or inventor. Such efforts shall be determined in a case-by-case basis.

Sponsor Supported Efforts – Income derived from sponsor-supported efforts shall be disbursed in accordance with the specific terms of governing contractual or grant documents. The College policy on Academic Freedom (6Hx2-4.08) specifically incorporates the following relevant provisions of this Statement of Principles:

1. A teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his/her other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the College.

Collective Bargaining Agreement 2020-2023

2. The teacher is entitled to freedom in the classroom in discussing his/her subject, but he/she should be careful not to introduce into his/her teaching controversial matter, which has no relation to his/her subject “and should not permit personal prejudice to interfere with his/her grading of his/her students on their performance in his/her classes.” Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.

Academic freedom as applied to teaching, research, and creativity are essential to Broward College as a publicly-funded institution without sectarian limitations. In the pursuit of knowledge, research endeavors, and creative activities, Faculty must be free to cultivate a spirit of inquiry and scholarly criticism as well as to examine ideas in an atmosphere of freedom, confidence, and free from fear of reprisal.

3. The college or university teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When he/she speaks or writes as a citizen, he/she should be free from institutional censorship or discipline, but his/her special position in the community imposes special obligations. As a person of learning and an educational leader, he/she should remember that the public may judge his/her institution by his/her utterances. Hence, he/she should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he/she is not an institutional spokesperson.
4. The exercise of such freedom is to be accompanied by intellectual honesty, respect for others as individuals treating them in a professional manner, shunning exploitation, contributing to the orderly and effective functioning of a faculty member’s academic unit (e.g., program, department) and/or the College, observing and upholding applicable professional ethical standards, and professional conduct. The development and adoption of policies concerning academic departments require concurrence free from coercion.

To protect Faculty from liability, the following shall be observed:

~For multiple Faculty who are assigned to one course with a single reference number but are assigned different students within that course (with the same reference number), these faculty shall retain total academic freedom with respect to grading, syllabus, textbook selection, and all academic freedom related matters.

~Research utilizing Broward College assets and involving Broward College students and/or Faculty as well as other participants must be approved through the Institutional Review Board.

2.95 Academic Responsibility

Faculty are expected to exercise their academic freedom to promote student learning:

~with integrity, sensitivity, and sound judgment with regard for student learning,

Collective Bargaining Agreement 2020-2023

~by fostering the free exchange of ideas, from and between students, that are relevant to the subject area,

~through promoting scholarly and ethical standards of their discipline while demonstrating respect for the student,

~by collaborating with colleagues in a collegial manner.

2.100 Examination and Tests

Each Faculty member may organize his/her class and schedule tests to meet the objectives of the course consistent with the course outline of record. The College Catalog contains the schedule for final examinations that must be followed unless approved alternative arrangements have been made through the Associate Dean.

2.200 Faculty Survey of Administrator Engagement

Faculty may provide feedback on engagement with administrators within their respective chain of command and/or with whom they have regular interactions. The purpose is to provide anonymous input to the supervisor(s) of the administrator.

Faculty shall have access to the appropriate survey form located in Appendix K. The Employee Relations Department will provide initial notification about the survey to Faculty via email on the first Monday after the Thanksgiving break. The Employee Relations Department will provide the survey form to Faculty via email on the first Faculty duty day of the Spring Semester in printable, writeable PDF format.

3.00 Union Rights

3.10 Freedom of Expression

Nothing in this Agreement shall abridge the right of any duly authorized representative of the Union to present views of the Union on issues which affect the welfare of its members.

3.20 Redefined Time for UFF-BROWARD COLLEGE Chapter

To meet the needs of shared governance and to encourage increased participation in shared governance, the UFF-Broward College Chapter shall receive the equivalent of eighteen (18) 3-credit hour courses (i.e., 54 credit hours) each academic year (August 16 – August 15) for UFF-BC Chapter purposes and for allocation to the Faculty Senate officers, standing committee chairs, and ad hoc committee chairs should any of these positions exist.

- A. UFF-Broward College Chapter shall appropriate a minimum of nine (9) 3-credit hour courses each academic year (August 16 – August 15) for the purpose of carrying out UFF-BC Chapter’s obligations in representing bargaining unit members and administering this Agreement at the College and the State. These nine (9) 3-credit hour courses may be credited as a whole or as a combination of the following each academic year: reassigned time, supplemental pay, or extra pay.

The UFF-BC Chapter President must make his/her selection of no more than the equivalent of six (6) 3-credit hour courses after the annual Spring semester UFF-BC Chapter elections. In addition, and if applicable, the equivalent of three (3) 3-credit hour courses for extended contracts shall be selected or three (3) extra-pay courses for beyond contract length periods (e.g., Summer) shall be selected. Once the UFF-BC Chapter President’s selection(s) is made the remaining credits may be allocated to an eligible member of the UFF-BC Chapter (i.e., chapter officers, membership chair, communication chair, contract enforcement chairs, government relations chair, negotiating team) as determined by the UFF-BC Chapter Executive Council.

1. If only the reassigned time option is selected and, if applicable, the following shall prevail:
 - a. Faculty (i.e., instructional Faculty, Faculty counselors, and Faculty librarians) who serve as the UFF-BC Chapter President shall receive 3/5ths of load of reassigned time per major semester (i.e., Fall and Spring) and if applicable during extended contract lengths.
 - b. Faculty counselors and Faculty librarians who cover counseling and librarian duties during the 3/5ths reassigned time set aside for the UFF-BC Chapter President (for either major semester or during the extended contract length) shall be compensated the equivalent of clock-hour pay rate pursuant to Article 5.32.
2. If only the supplemental pay option or only the extra pay option is selected, the following shall prevail: no more than 6 adjusted credit hours of load (i.e., teaching

Collective Bargaining Agreement 2019-2020

load or 2/5ths of load) can be scheduled during normal business hours (Monday through Friday) so the UFF-BC Chapter President is available for shared governance activities.

NOTE: Since the aforementioned credits may be allocated, all three ways of crediting must remain because the circumstances of the Faculty receiving the allocated credits may vary. In addition, the UFF-BC Chapter President may select to teach a full-load and take the aforementioned credits as extra pay and a supplement.

B. Additionally, from the equivalent of eighteen (18) 3-credit hour courses, the UFF-BC Chapter Executive Council shall allocate to an instructional Faculty serving as the Faculty Senate President nine (9) credit hours (i.e., three 3-credit hour courses) per major semester (i.e., Fall and Spring semesters). These nine (9) credit hour courses may be credited as a whole or as a combination of the following each academic semester: reassigned time, supplemental pay, or extra pay.

1. If only the reassigned time option is selected the following shall prevail:

a. Faculty (i.e., instructional Faculty, Faculty Counselors, and Faculty Librarians) who serve as the Faculty Senate President shall receive 3/5ths of load of reassigned time per major semester (i.e., Fall and Spring), and if applicable during extended contract lengths.

b. Faculty counselors and Faculty librarians who cover counseling and librarian duties during the 3/5ths reassigned time set aside for the Faculty Senate President (for either major semester or during the extended contract length) shall be compensated the equivalent of clock-hour pay rate pursuant to Article 5.32.

2. If only the supplemental pay option or only the extra pay option is selected, the following shall prevail: no more than 6 adjusted credit hours of load (i.e., teaching load or 2/5ths of load) can be scheduled during normal business hours (Monday through Friday) so the Broward College Senate President is available for shared governance.

NOTE: Since the aforementioned credits may be allocated, all three ways of crediting must remain because the circumstances of the Faculty receiving the allocated credits may vary. In addition, the Faculty Senate President may select to teach a full-load and take the aforementioned credits as extra pay and a supplement.

C. For duties beyond contract length, the Faculty Senate President and the UFF-BC Chapter President (to commence for UFF-BC Chapter President Summer 2020) shall receive daily rate of pay for each equivalent day according to the following: number of hours of work beyond contract length divided by daily length (7.0 hours for instructional Faculty or 7.5 hours for Faculty counselors and Faculty librarians) equals equivalent day(s) rounded up to the next whole number.

D. The UFF-BC Chapter Executive Council may allocate additional credit hours from the equivalent of eighteen (18) 3-credit hour courses (i.e., 54 credit hours) allotted to UFF-BC Chapter pursuant to this article to the Faculty Senate for the purpose of assigning redefined time to a member(s) of the Faculty Senate, other than the Faculty Senate President, to participate in shared-governance within the College.

NOTE: For Faculty counselors and Faculty librarians, the equivalent of a 3-credit hour course is one-fifth (1/5) of their typical 37.5 hour work week.

Collective Bargaining Agreement 2020-2023**ARTICLE 5****5.00 Faculty Compensation****5.10 Salary Compensation****A. Standard Terminology for Salaries:**

~Reference Salary: Rank 2 + 0 Years

~COI: Co-efficient of Increase = the Reference Salary x 0.0045 (0.45%)

~L: Level is based upon Faculty Rank

Rank	Level (L)
3.00	-3
3.12	-2
3.18	-1.5
3.24	-1.0
2.00 or 3.36	0
2.12	1
2.24	2
2.36	3
2.48	4
1.00	6

~Y: Years of Experience

~Base Salary: Reference Salary + [(Level + Years of Exp.) x (Co-efficient of Increase)]

~Daily Rate of Pay: Base Salary / 163 days

~Yearly Salary: Daily Rate of Pay x the Contract Length (163 days, 194 days, 213 days, and 225 days)

~Percent Increase: Increase to Base Salary

B. Starting Salaries for New Faculty Hires:

1. Starting faculty salaries for each rank shall be paid according to the salary formula below. Total combined years of experience applied to starting salary for a new hire cannot exceed 10 years.

STARTING SALARIES FOR NEW FACULTY HIRES BASED ON RANK AND YEARS OF EXPERIENCE:

Reference Salary [effective beginning on August 16, 2023 and retroactive to that date] = **47,000**COI [effective beginning on August 16, 2023 and retroactive to that date] = **211.50** = (2020-2021 Reference Salary) x 0.0045 (0.45%)

Daily Rate of Pay (see 5.10.E.2) = {Reference Salary + [(L + Y) x (COI)]} divided by 163 days

Starting Salary = (daily rate of pay) x (contract length)

Collective Bargaining Agreement 2020-2023

- ❖ Starting salaries are adjusted for Faculty on variable length contracts per Article 5.53.
2. Years of experience shall include full time employment at BC as a Faculty member or an Administrator on an equal basis plus previous experience credited by the College Administration at the determination of starting salary.
 3. Faculty members hired prior to or during the 1980-81 academic year shall be credited with the experience that was credited and verified under the rules that were in effect at the time of their employment. Such credit will be presumed to be correct and shall not be subject to reevaluation.
 4. Faculty members hired subsequent to the 1980-81 academic year shall be credited with outside experience based on the following criteria:
 - a. Full time teaching or educational administrative experience at any level will be credited on a one year for one-year basis.
 - b. Full time work experience in industry or government directly relevant to the Faculty member's discipline shall be credited on the basis of two years of work experience for one year of credit. In the technical areas and areas with licensure requirements, the College may credit work experience on a one for one basis.
 - c. For bargaining unit members employed after 6/30/03 and effective January 1, 2004, persons who have experience teaching as an adjunct or full time temporary for BC may be awarded one (1) years' experience for each 30 credit hours taught at BC, such experience not to exceed one year's credit per calendar year.
- C. Faculty members who take administrative leave to serve in an administrative capacity for the College and subsequently return to their faculty positions shall be returned to a faculty salary based on rank and years of experience. The years of experience will be calculated based on adding the years of service in an administrative capacity to the previously held years of experience as faculty.

This salary shall be calculated by starting with the Faculty member's base pay at the starting time of the administrative position. Any increase to the base pay shall be calculated as if the Faculty member had remained in the Faculty position and had not gone into an administrative position (Example: for a Faculty member who took an administrative position at the Faculty base salary of \$50,000, upon return to a Faculty position the returning Faculty member's \$50,000 base salary shall be increased according to all Faculty increases received during his/her administrative service).

D. Non-starting Salaries

1. The formula below is effective beginning on August 16, 2023 and is retroactive to that date. These 2020-2021 salaries shall become the new base salaries. Future application of the formula may be considered for inclusion in a successor agreement (e.g., the 2023-2024 Collective Bargaining Agreement).

2020-2021 Reference Salary = **47,000**

Collective Bargaining Agreement 2020-2023

$$\text{COI} = \mathbf{211.50} = (\text{Reference Salary}) \times 0.0045 \text{ (0.45\%)}$$

Daily Rate of Pay (see 5.10.E.2) = {Reference Salary + [(L + Y) x (COI)]} divided by 163 days

$$\text{Faculty Salary} = (\text{daily rate of pay}) \times (\text{contract length})$$

A Faculty's base salary shall be adjusted, effective beginning on August 16, 2023 and retroactive to that date using the above formula or a 3% increase to their base salary, whichever is greater.

- ❖ Salaries are adjusted for currently employed Faculty on variable length contracts per Article 5.53.

E. One-Time Payment: Upon ratification of this Collective Bargaining Agreement or imposition of this one-time payment, Faculty who are employed on the date of ratification or imposition and who are in a faculty line as an instructional faculty or a faculty librarian shall receive a one-time payment, net of taxes, of \$2,000.

F. Daily Rate of Pay

1. Faculty are considered year round employees who have duty days [i.e., the days of a faculty member's 163-day, 194-day, 213-day, or 225-day contracts (see Article 5.10.D.3)] and non-duty days, that is, those days a faculty member has no official duties (i.e., is not under contract), but continues to have access, as a full time employee, to the following, though not limited to the following: office space, health and retirement benefits, professional development and tuition reimbursement.
2. All Faculty salaries will be computed based on the 163 duty day calendar.
Daily Rate of Pay is defined as base salary divided by 163 duty days.
3. Salaries for Faculty on 194-day, 213-day and 225-day contracts will be calculated, based on a daily rate of pay, as defined above and as outlined in 3, a, b and c below:
 - a. 194-day contracts: 163 duty day base plus 31 days at a daily rate of pay.
 - b. 213-day contracts: 163 duty day base plus 50 days at a daily rate of pay.
 - c. 225-day contracts: 163 duty day base plus 62 days at a daily rate of pay.
4. Work Beyond Contract Length (i.e., beyond duty days):

Campus or College needs may necessitate that work beyond contract length be created or implemented. Work performed for the College outside of the faculty member's duty days must be preapproved. This preapproved work will be compensated based on daily rate of pay except as otherwise specified in this Collective Bargaining Agreement.

5.20 Initial Salary

Collective Bargaining Agreement 2020-2023

A. Faculty members presently holding or subsequently granted post master's degrees such as the Ed.S. degree would qualify for Rank II+48 hours.

B. Faculty members who presently hold or are subsequently granted a terminal Master of Fine Arts (MFA) degree shall qualify for Rank II+36 provided the following conditions are met:

1. The Faculty member has been awarded an M.F.A. degree from an accredited institution.
2. The graduate program of study has required a minimum of two years of full time study (or the equivalent) with a minimum of sixty credit hours (or equivalent) in the program.

Faculty members who a) possess M.F.A. degrees which satisfy the aforementioned conditions, and b) have not fewer than 72 hours of graduate credit (including the hours of credit for which the M.F.A. degree was awarded) qualify for Rank I. Post degree credit hours earned to qualify for Rank I must be graduate level courses and in the M.F.A. discipline/teaching field.

C. Apart from the exceptions noted in "A" and "B" above, terminal degrees as determined by the academic/professional disciplines shall qualify as Rank 1.

5.21 Credential Change Awards

The Board and the Union recognize the value of continuing educational experience. In recognition of this, the credential change award program has been established to encourage Faculty members to continue their education in their discipline/teaching fields or in a related discipline/field.

Credential change compensation awards and changes in rank will become effective at the beginning of the major semester or Summer Term following the completion of the course work. Major semester is defined as the Fall Semester and the Spring Semester but not the mini-sessions contained within the Fall or Spring Semesters and the Summer Term.

Credential change awards shall be in effect as long as a Faculty member maintains current certification.

The following provisions govern the credential change program.:

- A. Only full time continuing contract eligible Faculty members are eligible for credential change awards.
- B. To be eligible for credential change credit, the hours taken must meet at least one of the following criteria:

Collective Bargaining Agreement 2020-2023

1. Graduate semester hours in the assigned teaching field.
 2. Graduate semester hours in related fields, subject to prior approval at departmental and other levels through the Vice President of Academic Affairs.
 3. Graduate semester hours related to (educational) technology usage and/or graduate semester hours pertaining to teaching fundamentals which were not part of a Faculty member's prior degree coursework. These semester hours are included when computing the maximum number of semester hours of education courses (per paragraph D below).
 4. A currently held or earned professional license or certification directly related to, required for, or specifically recognized in a Faculty member's teaching area or field of expertise, shall be eligible for a credential change award based on the training/education hours required to obtain and maintain such license or certification. Faculty members requesting credential change under this section shall be allowed to apply any previously completed training/education required since 1990 to obtain and maintain their current license or certification. Faculty members who desire to pursue a new license or certification must first obtain approval to apply the attending training/education to a credential change under this section. Training/education in subject area may not be applied if already used towards any other credential change award. Equivalent credits shall be computed based on 45 hours of relevant training equaling 3 credits towards the credential change award.
 5. Subject to prior approval at the departmental and other levels through the Vice President of Academic Affairs, some undergraduate courses at the third or fourth year level may be counted if certified as being necessary to the completion of a specific teaching assignment as determined by the appropriate Dean of Academic Affairs in association with departmental administrators. Any coursework to be counted toward a credential change award must be approved by the Academic Dean, the appropriate President (campus or Pathway) and Vice President of Academic Affairs. The maximum number of education hours does not apply in the technical areas.
- C. In the technical discipline areas, a work experience program will count for a Rank III + 18 award. This experience credit shall be set at a maximum of six hours to be earned in a twelve-week planned work program which must receive prior approval of the respective immediate supervisor, Dean of Academic Affairs, the appropriate President (campus or Pathway), and Vice President of Academic Affairs. Within each seven year period from the date of qualifying for it, the Faculty member must engage in a planned work experience of not fewer than six weeks, which must receive prior approval as is the case for the initial award.
- D. Courses taken may be used to qualify for a credential change and also to renew certification. The hours must be certified by and all documentation filed in the Human Resource Office during the semester in which the award becomes effective. For each of these classification ranks, the maximum number of semester hours of education prefixed courses (i.e., those courses with the "edu" prefix or other education prefixes) shall be as follows:

Rank II + 12 hours which shall not exceed 12 semester hours of education

Collective Bargaining Agreement 2020-2023

Rank II + 24 hours which shall not to exceed 18 semester hours of education

Rank II + 36 hours which shall not to exceed 18 semester hours of education

Rank II + 48 hours which shall not to exceed 18 semester hours of education

The maximum number of hours does not apply in the technical areas.

The annual compensation increases shall be as follows:

Rank II + 48 to Rank I = (Base Salary) multiplied by 0.06.

All other credential changes are based on 12 hour increments (Rank III + 12, Rank II + 12, Rank II + 24, Rank II + 36, Rank II + 48 and will result in an increase in annual salary of (Base Salary) multiplied by 0.03 for each 12-hour increment.

Base Salary is Rank 2.00 / Year 0 pay on the Faculty Starting Salaries Based on Rank and Years of Experience in Article 5.10.

ARTICLE 7

7.00 Faculty Work Conditions

7.10 Yearly Work Load

An academic year (df) shall be defined as encompassing the period from August 16 to August 15 of the next year. The four contract lengths (see Article 5.10) fall within this time period.

The normal contract length (df) in terms of days shall be 163. Each Faculty normally shall be assigned to the Fall Semester and the Spring Semester. For contract lengths exceeding 163 days, see "D" below.

A. Normal Teaching Load:

The teaching load for instructional Faculty shall be based on the following:

1. Credit Hours: In terms of credit hours, the normal teaching load shall be 15 credit hours each in the Fall Semester and the Spring Semester.
 - a. The maximum number of credit hours shall be 30 per contract year (i.e., 163 days).
 - b. The maximum number of credit hours shall be 36 per contract length for Faculty with a 194 duty day contract length.
2. Contact Hours: In terms of contact hours, the minimum shall be 15 and the maximum shall not exceed 20 per week during each Fall Semester and each Spring Semester. The maximum shall be 40 per contract year.
3. A Faculty's yearly contract shall be satisfied when one of these maximum values has been reached.

Upon agreement between a Faculty, immediate supervisor and the College and in accordance with the needs of the College, a Faculty may substitute part or all of an alternative semester [i.e., the Summer Term(s) plus the necessary number of remaining duty days within the same academic year whether the remaining duties are scheduled during the Fall Semester or during the Spring Semester to satisfy the contractual duty day obligation] work schedule for a Fall or Spring Semester work schedule. The option of substituting the alternative semester shall not be considered an obligation upon the College or the Faculty, must be approved before the start of the semester during which the faculty will be absent, the required duty days (i.e. 81 or 82) must include summer session 1 or a combination of summer session 2 and summer session 3 and the number of days the Faculty will be absent must be consecutive (session df: see Article 7.20.A.4). However, should a Faculty request the alternative semester scheduling due to a condition or event consistent with a Family and Medical Leave Act (FMLA) qualifying event, the College will exhaust every possible effort to accommodate such a request. If the alternative semester is substituted for the Fall or Spring Semester, the Faculty must still meet the contractual duty day obligation as defined above. Faculty receiving this alternative scheduling shall sign a promissory note (see Appendix M) stating that the salary received shall be repaid to the College for the contractual duty days not worked.

Collective Bargaining Agreement 2020-2023

These limits reported shall not preclude Faculty who choose to do so from teaching extra-pay classes in the Fall Semester, the Spring Semester, and/or Summer Sessions.

B. Adjusted Credit Hour (in conjunction with Appendix B Worksheet):

In classes (laboratories, clinics, studios, etc.) in which contact hours exceed credit hours, adjusted credit hours shall be used to determine the normal load. An adjusted credit hour is determined by totaling the number of credit hours per semester and contact hours per week, based on a full 16-week semester, and dividing by two. Faculty who generate more than 30 adjusted credit hours for regular teaching load shall be paid for any excess credit hours at their appropriate extra-pay lecture rate (per Article 5.31). In addition, Faculty who generate more than 30 contact hours for regular teaching load shall be paid for any excess contact hours at the appropriate extra pay laboratory rate (per Article 5.32 and Appendix B Worksheet). For Faculty teaching loads that exceed both 30 adjusted credit hours and 30 contact hours, the excess adjusted credit hour payment shall be calculated and paid first. The number of excess adjusted credit hours paid shall then be subtracted from the total contact hours, and the new contact hour total will be used to calculate the excess contact hour payment. This excess is to be computed each year at the end of the Faculty's contract year.

In the limited instances in which more than one Faculty is assigned to a course section, the course credit hours assigned to a Faculty for purposes of that Faculty satisfying their load obligations will be pro-rated based on the number of contact hours assigned by Associate Dean/immediate supervisor to each Faculty. Thus, the formula to be applied is as follows: credit hours for load = assigned contact hours divided by total contact hours of course section multiplied by the total credit hours of the course section. To the extent that any extra pay assignments are also assigned in this manner, Faculty may also be assigned to course sections that combined meet the extra pay credit hour limits.

Example: A course section is two (2) credits and has eighty (80) contact hours. Faculty A is assigned fifty (50) contact hours. The credit hours for purposes of satisfying Faculty A's load requirements are 1.25 credit hours ($50 / 80 = .625$; $.625 \times 2 = 1.25$ credit hours). Faculty B is assigned thirty (30) contact hours. The credit hours for purposes of satisfying Faculty B's load requirements are .75 credit hours ($30/80 = .375$; $.375 \times 2 = 0.75$ credit hours).

C. Reassignments:

For the purposes of this article, yearly teaching load for Faculty who completed a 3 credit hour reassignment will be calculated as 3-credit hours and 3 contact hours.

D. Longer Contracts:

A longer contract (per Article 5.53) will be implemented for Faculty assigned to programs/areas requiring more than a 163-day, that is, Fall Semester and Spring Semester contracts. These Faculty members will be paid at their daily rate of pay (per Article 5.10.D.3) with all associated fringe benefits.

[Note: The disciplines/programs/areas that require longer contracts than the 163-day contract are listed, for informational purposes only, as an addendum (see Appendix C) to this

Collective Bargaining Agreement 2020-2023

Collective Bargaining Agreement. This program list may be revised annually as needed by the College.]

E. Counselors/Librarians:

The annual calendar for Counselors and Librarians will be August 16th – August 15th based on a 194-duty day, 213-duty day, or 225 duty-day contract. These Faculty shall meet with their respective supervisors during the Spring Semester to determine a schedule of duty days for the August 16 – August 15 calendar. Factors to be considered when determining the Faculty's schedule shall be based on campus needs, a calendar that sufficiently varies, alternates and appropriately staggers non-duty days, and at all times provides adequate staffing. A Faculty may request a consecutive three-week non-duty day period annually. Some workdays may include evening and weekend duty to fulfill any additional days beyond their respective contracts, and to provide for the personnel needs within their respective areas. These Faculty may work, as needed, additional days outside the 194-day, 213-day, or 225-day contract and be compensated at a daily rate of pay.

F. Aviation Maintenance:

All Aviation Maintenance Faculty shall be assigned a 163-day contract. The minimum base salary shall be determined by adding additional 12 percent to the equivalent 163-day Faculty Salary Schedule. The additional salary provides compensation for a normal teaching load consisting of 400 contact hours per Semester. The College shall not make any additional credit/contact hour compensation adjustments for a normal teaching load.

Aviation Maintenance Faculty normal workweek for the Fall and Spring Semesters is 35 hours per week including:

1. a minimum of 30 hours of posted classroom instruction and office hours on campus, and
2. five (5) hours physically on campus for professional obligation(s), except for virtual meetings or off-campus professional development activities.

Aviation Maintenance Faculty, who voluntarily agree to teach an additional 400 contact hours scheduled and available for the Summer Term-Session I, as determined and assigned by the College each year, shall be compensated at one-half the amount of their current 163-day salary. Such Aviation Maintenance Faculty will be considered employed full time and shall continue to receive earned benefits and leaves throughout the Summer Term.

Aviation Maintenance Faculty who voluntarily agree to teach fewer than the additional 400 contact hours shall be compensated and shall receive the earned benefits referenced above on a prorated basis. The prorated amount shall be based on one-half of their current 163-day salaries.

G. Institute of Public Safety (IPS) PSAV Faculty

IPS PSAV Faculty will work a 213 duty day or a 225 duty day year with a normal workweek of 35 hours. On average, that will include 30 hours of contact hours per week. Based upon the demands of the program, in a particular week an IPS PSAV Faculty workweek may include less or more than 30 contact hours. However, by the end of the contract year, they

Collective Bargaining Agreement 2020-2023

will have averaged 30 contact hours per week in PSAV or Continuing Workforce Education courses. This totals 1,278 contact hours for the 213 duty day contract year and 1,575 contact hours for the 225 duty day contract year.

Factors to be considered when determining the Faculty's schedule shall be based on campus needs, a calendar that sufficiently varies, alternates and appropriately staggers non-duty days, and at all times provides adequate staffing for the high liability courses they are assigned to. If at the end of the contract year, an IPS PSAV Faculty has worked more than the 1,278 or 1,575 contact hours, then the Faculty will be paid for the additional classroom instructional hours prorated based upon their daily rate of pay.

IPS Firearms Instructors may act as range masters and armorers as needed to fulfill the needs of IPS and students enrolled in police academy programs.

H. Unexpected Campus Closures

On occasion there may be an official College/Campus closure during regularly scheduled duty days due to unforeseen circumstances. If instructional faculty are required to make up the missed instructional class time due to licensure or certification requirements of their respective programs, then such faculty will be paid for additional teaching hours at 50% of their hourly rate of pay.

Classes can be cancelled only by the College administration; Faculty have no authority to dismiss class early or cancel class, or to reschedule a class meeting days, times, or to change permanent location. Classes shall not be moved to alternative locations without advance approval of the Associate Dean except for exigent circumstances when a note will be placed on the door or otherwise conspicuously placed. In the case of an emergency, classes may be cancelled or rescheduled by the College or Faculty, though, in the event of an unforeseen circumstance Faculty should first make an attempt to notify the immediate supervisor before canceling, rescheduling or moving a class. If the immediate supervisor cannot be located, the Faculty should make an attempt to relocate the class before cancelling the class and notify the immediate supervisor of such as soon as possible.

I. Flexible Schedules

With the consent of the College, Faculty may opt to teach their annual teaching loads of 30 adjusted credit hours by teaching 18 adjusted credit hours in the Fall Semester and 12 adjusted credit hours in the Spring Semester.

Collective Bargaining Agreement 2020-2023

- participating in assessment pursuant to Article 7.80 of the Collective Bargaining Agreement.

An office hour schedule will be developed by each Faculty and posted to a Faculty's office door and within the College's Learning Management System by the end of the first week of class of each semester and/or term. The schedule shall satisfy the requirements of Article 7.20.

The aforementioned office hour schedule also shall be entered in the College's "Faculty Schedule" form (once an electronic version of this form is designed and mutually accepted) by the end of the first week of class of each semester and/or term. The "Faculty Schedule" form shall be submitted to the Associate Dean/immediate supervisor for verification of the number of office hours (see below).

A. Instructional Faculty:

The typical weekly schedule (weekly schedule) for each instructional Faculty shall reflect a 35-hour workweek with at least 30 hours per week on a physical and/or virtual campus. On days when a Faculty has an on-campus teaching assignment, then the weekly schedule shall reflect no fewer than 4 hours per day on campus. On days when a Faculty does not have an on campus teaching assignment, then the weekly schedule shall show no fewer than two hours per day on campus (for an alternative to this five (5) day requirement, see 1 below). The 30 hours per week on campus shall reflect the following:

1. The thirty (30) hour on campus obligation can be satisfied within four days provided that each day of a Faculty member's submitted schedule showing seven or more contractual obligation hours, one hour for each of those days may be subtracted from any other day.

 - a. Five (5) on campus hours for professional responsibilities
 - b. Twenty-Five (25) hours of student contact:
 - i. At least fifteen (15) course contact hours
 - ii. The balance of the twenty-five (25) hours for office hours

The office hours are determined after course contact hours are determined).
 - d. 4. Extra-pay that exceeds load (i.e., 15 credits) requires additional office hours to be distributed equally throughout a semester, term, or consecutive sessions [session (df): within a semester and Summer Term, "session" denotes a 16 week period, 12 week period, 8 week period, or 6 week period]. The additional office hour computation is based on eight office hours distributed equally through a 16-week semester per 3-credit hour course (see Article 2.83.D.4).
 - 8 hours = 480 minutes
 - 480 minutes/3 credits = 160 minutes/1 credit

(The Faculty member will submit attendance documentation). The other mechanisms for fulfilling the professional growth plan should be developed and tentatively approved by the Faculty member's immediate supervisor, Dean of Academic Affairs, and President (campus or Pathway).

To expedite the processing and obtain pre-approval of their professional development plan, Faculty members should complete the Application for Faculty Professional Development form (see Appendix D of this Collective Bargaining Agreement).

If Faculty are denied approval of their professional development activity, the denial may be appealed to a Faculty Professional Development Review Committee. This Review Committee will consist of three continuing contract Faculty members and, if possible, it shall reflect the appellant's academic area. The UFF President shall appoint one member, the Vice President of Academic Affairs shall appoint the second member, and the first two members shall complete the Committee by choosing a third Faculty member. The recommendation of this Committee shall be submitted to the Vice President of Academic Affairs for final resolution.

Any Faculty members accepted into the FRS DROP Program and in the last two years of the 5 year DROP period shall be exempt from the terms and conditions of this article.

Since professional development is part of a Faculty member's professional responsibility, a maximum of three hours of the Faculty member's on-campus weekly schedule may be used for the purpose of carrying out the Professional Development Plan subject to the approval of the immediate supervisor.

I. In this article:

“**E-learning**” denotes are online, blended, and flexible learning.

“**Online course**” denotes a formal educational modality in which 80% or more of the direct instruction is delivered using technology, according to which the student and instructor are separated by time and/or space. This modality does not require students to attend classes in a physical location. This includes courses designed for asynchronous and Online Live (synchronous) delivery.

“**Blended course**” denotes a formal educational process in which up to 79% of the direct instruction can be delivered using technology, where the student and instructor are separated by time and/or space. There is a requirement in a blended course section for scheduled class sessions to meet in a physical location.

“**Flexible learning course**” denotes a formal educational process in which all instructional events occur in real time (synchronously) in a face-to-face setting and which allows students the option of attending class in person face-to-face, online, or a combination of both based on each student’s preference. Therefore, each student may participate in synchronous class sessions in person or via video conferencing (e.g., Zoom) at any given time during the semester. Flexible learning courses must be held in Broward College classrooms that contain streaming and learning technology to optimize the learning experience.

“**Regular and substantive interaction (RSI)**” denotes faculty-facilitated interactions in e-learning courses at the course section level. These interactions are scheduled in a manner that is commensurate with session/term length and course learning outcomes. Faculty professional obligations involve monitoring student engagement and performance and shall include, but is not limited to, at least two of the following types of interaction:

Both parties aspire to provide: (i) the community with programs which increase access to educational services; and (ii) students with intellectually stimulating courses which are of a standard commensurate with those taught via successfully established delivery modes; and (iii) interested College Faculty with opportunities to develop programs/courses and delivery systems. In addition, the College and the UFF-BC agree to work jointly to protect the integrity of BC programs and course offerings.

- B. Faculty commissioned by the College to develop or redesign e-Learning courses or course materials shall enter into an E-Learning Commissioned Course Development Agreement or an E-Learning Commissioned Course Redesign Agreement, respectively. (Appendix E-1a, E-1b and Appendix E-2a, E2-b)

Faculty entering into a Course Instruction Agreement may make changes in the commissioned courses they are delivering as long as those changes constitute less than 20% of course materials/assessments/assignments, and as long as the same stated learning outcomes will be achieved. Faculty entering into a Course Instruction Agreement agree to use the most recent commissioned version available that

Collective Bargaining Agreement 2020-2023

meets all e-learning standards and to have successfully completed the requisite professional development for delivering an e-learning course.

- E. Faculty wishing to make modifications to a previously developed course that exceed 19% must enter into an E-Learning Non-Commissioned Course Development Agreement (Appendix E-3a for online; Appendix E-3b for blended) and meet all requirements associated with developing an online or blended course.
- F. Faculty who have been approved by their campus administrators to develop an e-learning course for no compensation shall enter into the e-Learning Non-commissioned Course Development Agreement. (Appendix E-3a for online; b for blended).

- M. Instructional Design and Broward College Online reserve the right to enter or monitor faculty course shells when circumstances directly impact student success. This will be preceded by an e-mail and phone call notification to the Faculty.

III. Faculty teaching flexible learning courses are not required to develop commissioned courses, nor are they required to participate in the BC Quality Standards for E-Learning review as part of the non-commissioned course process for flexible delivery. However, recognizing a shared commitment to advance learning at the College and promote student learning, faculty teaching flexible learning courses shall abide by the standards outlined below.

A. At a minimum, faculty shall post the following in the learning management system:

1. Welcome Announcement that explains expectations for participation in the flexible learning modality;

Collective Bargaining Agreement 2020-2023

2. syllabus that includes all items outlined in the Collective Bargaining Agreement in Article 7.20;
 3. Assignments and assessments (e.g., quizzes and exams) as scheduled; and

- B. All instructional materials provided to students who attend in person must also be made available to students who attend class virtually in real time.
- C. All assessments (e.g., exams and/or quizzes) provided to students who attend in person must also be made available to students who attend class virtually in real time. Given the evolving nature of technology, when substantial technological changes occur, faculty shall complete a refresher training offered by CTEL tailored specifically to teaching in the flexible learning modality.
- G. To mirror the flexible learning classroom experience, office hour(s) for flexible learning courses must be both concurrent (i.e., face-to-face and virtual at the same time). That is, office hour(s) must be held by the Faculty member in person on campus, but students must be given the option of attending synchronously via video conferencing if that is their preference. The office hour(s) associated with flexible learning courses shall be designated in the flexible learning course syllabus.

ARTICLE 7.80 Assessment of General Education Outcomes

7.81 The goal of assessment:

The goal of assessment is to provide both the evidence and support necessary to enhance the effectiveness of academic programs to improve student learning.

7.82 What is assessment?

Assessment of student learning outcomes shall be an ongoing process aimed at understanding and improving academic programs for student learning. This process includes the following: setting appropriate criteria for learning quality; systematically gathering, analyzing, and interpreting results to determine how well outcomes match expectations; and using the resulting information to document and improve student learning.

Assessment shall take place at the course, program, and institutional levels. The assessment process shall involve both gathering information and using that information to improve student learning.

Assessment of student learning outcomes is a shared process of systematic measurement used to document, reflect upon and improve academic programs for student learning. The key characteristics of assessment are:

1. Owned and driven by Faculty
2. Involves multiple methods
3. Ensures an ongoing, sustainable process of review
4. Results are used to contribute to curriculum, budget and planning
5. May be addressed at the course, program, campus or institutional level

The very clear distinction between assessment and Faculty evaluation shall be maintained. The evaluation of Faculty is the process of determining the quality of teaching and professionalism by Faculty. The Faculty evaluation process is found in Article 7.50 of this agreement.

7.83 Who will develop the processes of assessment?

Faculty play an integral role in the assessment processes. The Faculty with assistance from the administration shall develop the processes of assessment and the criteria for assessing the effectiveness of academic programs on student learning outcomes. In developing assessments an effort will be made to reach consensus, however, faculty members of an academic discipline need not agree on all outcomes.

7.84 Assessment shall be used for:

Assessment of the effectiveness of academic programs on student learning outcomes will be used primarily to understand and improve academic programs in order to better facilitate student learning. More specifically, assessment will be used to:

Gather information to guide Faculty and programs in improving their effectiveness.

Enhance student learning and contribute to an ongoing dialogue of student outcome assessment.

Collective Bargaining Agreement 2020-2023

Design and improve courses and programs to promote student learning.

7.85 Assessment shall not be used:

To trace the data from assessment to faculty members providing the assessment data.

To oblige disciplines which typically use qualitative measures to adjust to quantitative measures.

As the sole tool for determining program decisions or for determining methods and strategies for teaching and student learning.

To the detriment of academic integrity.

7.86 The administration's role in assessment:

The administration shall provide the necessary institutional support for any faculty-driven process that coordinates, manages, integrates, and utilizes assessment.

In assessing the prior learning of students, competence levels must be determined by Faculty with the appropriate credentials in the applicable discipline.

7.87 Approach to assessment:

Multiple methods of assessment should be utilized.

Not all students need to be directly assessed.

The rationale for choosing the forms of assessment shall be communicated.

Administration of assessments will be consistent in content but may vary in delivery

Assessment shall not compromise a faculty member's academic freedom pursuant to Article 2.9 of this agreement.

Assessment shall recognize the complexity of teaching.

7.90 Class Size

- A. For English composition courses, class size shall not exceed 25 students without the Faculty member's consent.
- B. Class size for other courses in which Gordon Rule writing is required shall not exceed 35 students without the Faculty member's consent.

I am applying for the following type of sabbatical leave for/during the _____ academic year.

One full academic year at half pay

One major Semester (Semester I or Semester II) at full pay

If granted this leave, I understand and agree to comply with the reporting requirements contained in Article 6.36 and the repayment provisions of Article 6.34 [Collective Bargaining Agreement](#) between the Board of Trustees of Broward College and UFF and agree to sign a promissory note to the college to that effect. I understand that I shall be given the same consideration as though on duty in matters of seniority, salary, insurance and retirement benefits, but shall not accrue sick leave (or vacation leave if applicable) during the period of sabbatical leave.

I have **attached** a comprehensive narrative detailing my sabbatical plans: what I expect to accomplish, how my sabbatical will improve my effectiveness with students in and outside the classroom, and how my sabbatical will contribute to the College and the overarching goal of student success. If you are proposing to pursue graduate course work, please indicate the course titles, the number of credits, and the institution(s) you plan to attend. Please note that a separate written request for tuition reimbursement must be completed using the standard Tuition Reimbursement form prior to enrolling in any coursework or starting the sabbatical.
