

# Culture4Christ Impact Team Ministry

*“Equipping the Church to Stand for Righteousness in the Public Square”*

Culture4Christ Ministry is a group of church brothers and sisters that monitors **our church’s** cultural landscape through the lens of scripture and **puts actions to our faith (Jam 1:22-25)**. Social issues, legislation, and public policy are all part of the landscape. Observing Board of Education meetings and Commissioner Meetings, etc. are also a part of our ministry. The ministry findings and attendees actions are provided to the church via “Take Action Forms” and at events/activities with the goal of educating, equipping, and encouraging Christians to have a Godly influence on our society and culture. Please come and join this ministry-Jesus Christ wants YOU to be His hands and feet and voice.
