Junior Ambassadeur Plastic Bottles Data Collection

Institution/Chapter Name:_____

- Students are encouraged to start a recycling programme in the school. Coordinators will assist the students to clear the recycle bins, sort, count and weigh the contents.

Date	How many (number of bottles)	Weight (Kg)	Difference (%)
TOTAL	**_____ # of bottles**	**_____ kg**	

* Calculate the difference in percentage each time this is done. Indicate if there is an increase with a '+' sign and where there is a decrease, use a '–' sign. For example, an increase on 10% would be written as +10%. A decrease of 12% would be written as -12%.
