WEEKLY REPORT OF OASIS OF HOPE MATHARE

Hello friends,

I hope that you are well. We are free again as a country. The lockdown was lifted and we can move without restrictions. Schools are open for children to report back this week. It is the rainy and cold season here. All in all, we thank God for this.

## AUSTINE'S REPORT

For over two months now we have been following up with Austine's issue, he is 15 years old who is handicapped also had epilepsy. Our goal is to take him to school and make sure that he gets proper medication.

Two weeks ago he was also involved in an accident and broke his right foot. We took him to the hospital this week. *The good news is that he no longer has epilepsy attacks seizure. This is a great achievement. We will take him to school next week and keep being an advocate for him to thrive.*

Thank you so much.
