

OASIS OF HOPE

How are you friends?

TRANSFORMING LIVES

The Clark Education Centre, launched in May, has become a beacon of hope for children in the Mathare slums of Nairobi. This kindergarten offers education to children who previously had no access due to poverty. With 11 students currently enrolled, the Centre aims to expand to 45-60 children by January 2025. Alongside education, the children are taught biblical principles and receive nutritional support, laying a strong foundation for their future.

STORIES OF GIVING

Impact in Mathare Slums

We are deeply thankful for your support, which has made a significant impact in the Mathare slums of Nairobi, Kenya. Despite the chilly weather in July, our ministry to children and the community continues to thrive. Our Saturday Bible class remains a strong attraction, and the recently started teenagers fellowship is drawing youth from the area.

Clark Education Centre

In May, we launched the Clark Education Centre, a kindergarten providing much-needed education to children in Mathare who previously had no access due to poverty. This initiative has brought remarkable transformation in their lives.

Alongside education, we teach them about God, as instructed in **Proverbs 22:6**, and **share a cup of porridge**, with hopes to offer lunch in the future. The support from People Bridge, especially Nancy Clark and her family, has been instrumental in this achievement.

Currently, we have 11 students, with plans to increase to 45-60 by **January 2025**.
