

# OASIS OF HOPE

Hey friends, how are you?  
I'd like to provide an update on your support for Mathare Slums.

## PSYCHOSOCIAL SUPPORT FOR TRAUMA RECOVERY

In April 2024, Oasis of Hope offered psychosocial support and counseling services to individuals affected by the floods.

Trained volunteers provide emotional support, coping strategies, and trauma counseling, aiding survivors in navigating the aftermath of the disaster.

## STORIES OF GIVING

### Meal Preparation and Distribution

Oasis of Hope, in collaboration with **local and international partners**, actively prepares and distributes meals to homeless individuals affected by the floods. **Volunteers play a crucial role** in cooking and delivering food, addressing immediate hunger issues within the community.

### Clothing Collection and Distribution

Efforts are underway to collect and distribute clothing to families impacted by the floods. This initiative aims to **provide essential clothing items, restoring dignity and comfort** to those who have lost their belongings during the disaster.

### Medical Assistance and Hospital Transport

Victims of the floods are being transported to hospitals for necessary medical care and treatment. Oasis of Hope works closely with **medical facilities to ensure prompt assistance and support for those injured or unwell due to the floods.**

### Provision of Beddings

Beddings, including blankets and mattresses, have been provided to affected victims to ensure their comfort and well-being. This initiative addresses **urgent shelter needs and promotes a sense of security among the displaced individuals.**

## PRAYER REQUEST

- Support for affected families and individuals to cope with flood challenges.
- Favorable weather conditions to prevent further damage in the community.
- Continued support and resources for those impacted by the disaster.
- Wisdom and guidance for volunteers and organizations in relief efforts.

### Summary

**Over 40 reported deaths due to heavy rains and floods in Mathare slums, Kenya.**

**Many families left homeless, seeking shelter at a local primary school.**

**Children lacking school supplies and uniforms, facing challenges in returning to school.**

**Ongoing needs for meals, clothing, medical assistance, and psychosocial support.**
