

Balboa Island Preservation Association

The gem of Newport Beach

Benches, Street lamps, Trees and BI Preservation

SURVEY RESULTS

May 10, 2020

1. The City of Newport Beach has recently proposed to replace all the wood benches on Balboa Island (along the boardwalks and Marine Ave). Vote for your bench preference:

Preference %

Balboa Island Bench - Cherrywood.

90.4%

Infinity Bench – Polywood

8.2%

Victoria Bench - Concrete

4.6%

Santa Monica Bench - Polywood

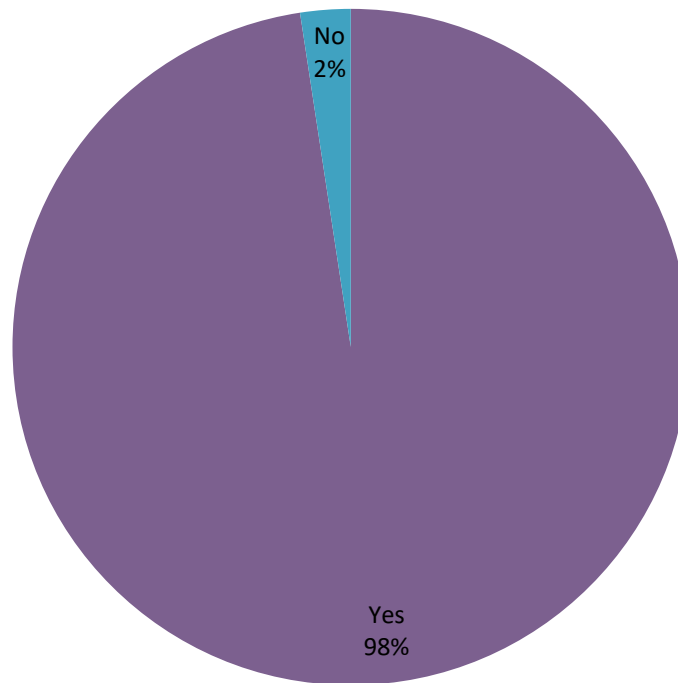

2.8%

Huntington Beach Bench - Concrete

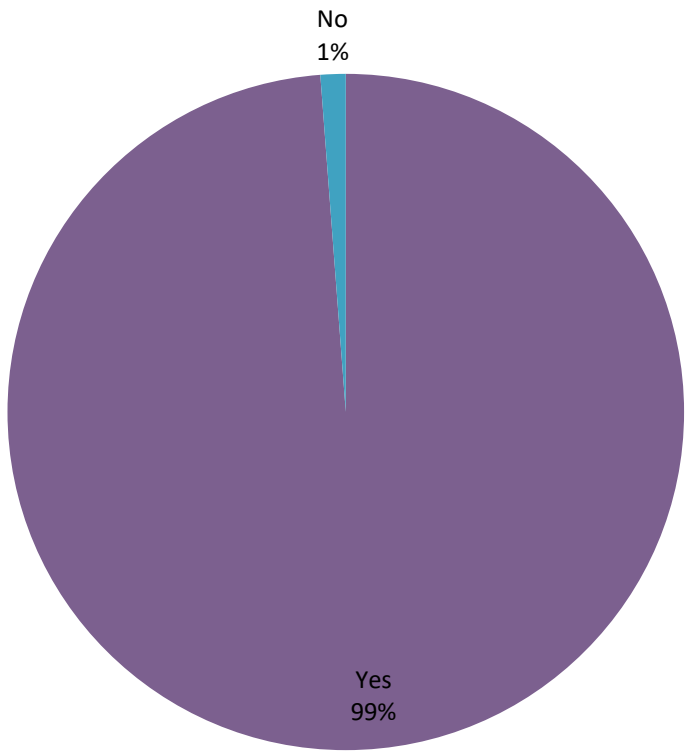

1.8%

2. As part of the redevelopment infrastructure project, the City of Newport Beach is considering replacing the existing historical street lamps on Balboa Island, including on Marine Ave. Do you support retaining the existing street lamps and only replace the filaments if necessary?

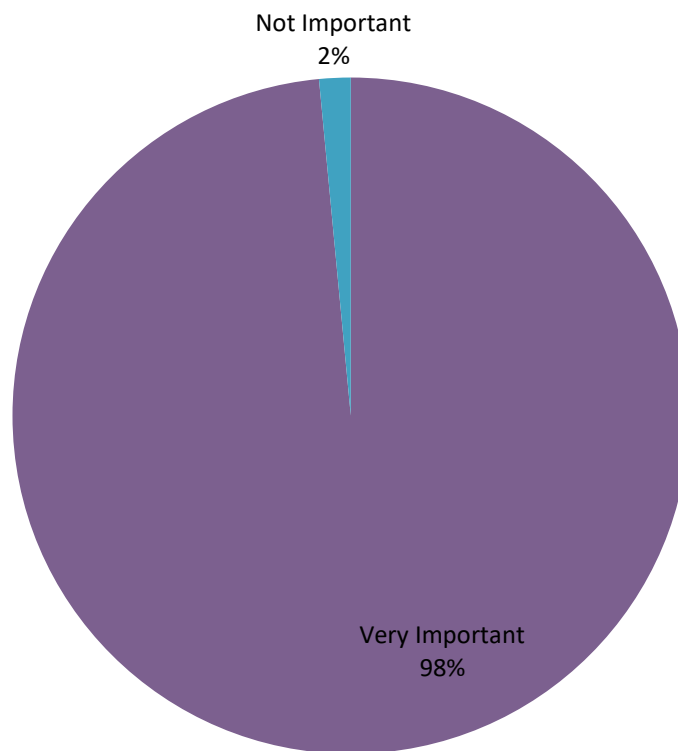

Value	Percent
Yes	97.6%
No	2.4%

3. While the City considers future infrastructure upgrades, do you believe all reasonable efforts should be taken to preserve the many historical elements on Balboa Island, such as utilizing professional preservation approaches and engineering practices?

Value	Percent
Yes	98.8%
No	1.2%

4. How important is keeping Marine Ave quaint and historical, including keeping our designated 'Special' eucalyptus trees, wooden benches and existing street lamps?

Value	Percent
Very Important	98.5%
Not Important	2%
