Ordering Guide

NASA SEWP VI
Solutions for Enterprise-Wide Procurement
Contract Holder

Category B: #80TECH26D1564
Category C: # 80TECH26D117
POP: Nov. 1, 2026 - Oct. 31, 2036
UEI: R15MK4RSWRD3

NASA SEWP (Solutions for Enterprise-Wide Procurement) provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. Created in 1993, SEWP I was the first Government-Wide Acquisition Contract (GWAC) in the federal acquisition space. Originally, the contract vehicle provided only technology products for NASA and all other agencies. SEWP has continually evolved over the past 30 years, expanding its scope to meet the requests of its customers. The SEWP vehicle represents acquisition innovation within the Federal Government. The program is self-funded through usage fees (0.34%) and provides all Federal agencies with acquisition support - more than 50,000 orders a year.

Benefits of SEWP

SEWP contracts are firm & fixed-priced with a wide range of benefits, including:

- ✓ Competitive prices and discounts
- ✓ Compliance verification
- ✓ Easy-to-use online quote and RFI (Request for Information) tools
- ✓ Free training on how to use SEWP
- ✓ Streamlined ordering
- ✓ Wide variety of products and services

Get Started

Visit www.sewp.nasa.gov and register for an account. With a SEWP account you can request quotes, view responses, create orders, and more.

Request a Quote for Products & Services

The SEWP online Quote Request Tool (QRT) is the method recommended by the NASA SEWP Program Office for obtaining quotes.

Installation, Support, Warranty

TechServUnited engineers cover many disciplines to provide onsite installation and support. Basic warranty offerings are specific to each manufacturer's product. Extended warranty can be purchased anytime during the standard commercial warranty period and provides coverage for 12, 24, or 36 months after the initial start date, regardless of the commercial warranty period. The extended warranty coverage depends on the option purchased from the product manufacturer.

Questions? Issues?

For assistance in all areas of the ordering and installation process, please contact our team at sales@techservunited.com.

Fair Opportunity FAR 16.505(b) (1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding $10,000 and issued under multiple award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the Contracting Officer (CO) and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP Quote Request Tool (QRT) will automatically include the Contract Holders within a selected Group or based on a suggested source.

NASA SEWP VI Contract Ordering Guide

Performance Period: 11/01/2026-10/31/2036 • UEI: R15MK4RSWRD3

Category B: #80TECH26D1564 • Category C: # 80TECH26D1172

Ordering Process

The internal ordering process of each agency varies. Here is the general flow for SEWP orders:

1 End User or Contracting Officer

1. Determine best value through market research.
2. Create Delivery Order citing NASA SEWP Contract # and Prime Contract Holder.
3. Sends Order to NASA SEWP Bowl.
4. *Obtain ITARs or note exception to ITARs requirement.*

2 NASA SEWP PMO

1. Verifies Order.
2. Forwards valid Orders to the appropriate Contract Holder.

3 SEWP Contract Holder

1. Processes Order.
2. Delivers equipment and services.
3. Invoices Agency or Contractor.

All Delivery Orders and Modifications MUST be routed through SEWP and should not be sent directly to TechServUnited.
All Delivery Orders are processed within one business day of receipt and electronically forwarded to TechServUnited by SEWP.
