Seekers Hope

Ministry

BEGINNINGS

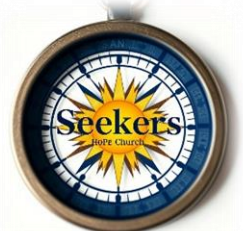

Rev. Benson Nguti founded Seekers Hope Ministry in 2013 with the support of his wife, Pastor Valentine. They felt a powerful call to serve God and their community, which led them to establish Seekers Hope Ministry in Kenya.

VISION AND MISSION

Seekers Hope Ministry's vision is to make disciples, nurture spiritual development, and empower the community of Christ, as inspired by Matthew 28:19. Their mission is to seek the Kingdom of God, pursuing Christ's love and compassion in all actions, as encouraged in Matthew 6:33.

STRATEGY

Seekers Hope focuses on worship, biblical teaching, community engagement, outreach, member training, and church leadership development. Developing church leaders with the goal of sending out ministers and establishing worship centers around the world is central to their commitment to spreading the message of Christ globally and empowering others to join in this mission.
