

## *A Note from Fr. Frank ...*

It's been a tough winter! For all of us - a blizzard; for me - health. In January, I was in two hospitals with congestive heart failure. Then in rehab for several weeks. Now I am home with Catholic Home Care visits twice a week. They help with your kind prayers to help me improve each day. I do miss our Sunday worship together and Fr. Michael's hospitality!

Please continue to keep me in your prayers!

Gratefully,  
Fr. Frank
