

# Let's Build a Labyrinth

A labyrinth is a circular meditative prayer walk. It is often mistaken for a maze. A maze has intersections where a decision needs to be made as to what direction to go. A labyrinth is a single path. You start at the beginning, and as long as you keep moving forward you will come to the end. There is a large space at the back of the garden where one can be built.

Help is needed in two areas: planning and construction.

## **Planning:**

- Determine size
- Determine foundation materials: gravel, wood chips, etc?
- Choose material for pathway: river rocks, seashells, pavers, etc? How much is needed?
- Plan surrounding landscaping
- Signage
- Budgeting
- Organize volunteers
- Schedule workdays, delivery of materials, etc.

## **Construction:**

- Remove a tree and cut back surrounding weeds
- Removing grass (rototiller)
- Level Ground
- Build Foundation (gravel)
- Measure out design
- Mark pathway
- Other enhancements such as benches, landscaping, etc.

Please let Fr. Michael know if you are interested in helping in any way.
