ENGINEERS & CONTRACTORS

One Stop Destination for Interiors & Construction

About us

Asingle, dependable execution partner.

SBCC International is a professionally driven Construction, Interiors, Design & Build and Project Management company, delivering comprehensive solutions across residential, commercial, hospitality, retail and industrial projects.

With over a decade of experience under the SBCC International brand, our journey is strengthened by an ancestral legacy in construction, fabrication and interior works spanning generations. This combination of traditional expertise, practical site knowledge and modern execution capabilities enables us to deliver projects with a strong focus on quality, precision, functionality and timely completion.

At SBCC International, we believe that every project is more than just a structure—it is a reflection of the client's vision. From concept and design coordination to construction, interiors, project management and final handover, our integrated approach provides clients with a single, dependable execution partner. Our capabilities include turnkey construction, interior fit-outs, civil works, commercial interiors, residential projects, office spaces, hospitality projects, industrial structures, PEB solutions, renovation and refurbishment, and project management services.

We work closely with clients, consultants, designers and project stakeholders to ensure seamless coordination from the initial planning stage through execution and completion.
