

Step 1

After form + picture submitted and a potential match is identified, both clients will be contacted to confirm their interest within 7 business days via video call with one of our matchmaking team members.

Step 3

During your video call, our team member will share some basic information about your match and confirm availability for the meet-up and reservations. You can also provide input on your preferred itinerary.

Step 5

1-2 hours before you meet your match, our team member or relationship coach will conduct a brief 10-minute pre-date check-in call to boost your morale.

Step 7

After parting ways, both matches will be required to attend a brief 10 minute phone call for your feedback and your plan of action with your match.

Step 2

Before your scheduled video call, CVFFD will email you a summary of the information from your questionnaire that you may choose to share with your match during their video call. You can review and modify this information before giving your consent. If you choose not to share any details, we will only provide your picture and first name just before the date.

Step 4

Upon receiving a green light from both parties, we will arrange the reservations and itinerary which will be sent 3 days before the arrangement.

Step 6

Enjoy your day, lunch date, concert meet-up, half day picnic, etc.

Note:

*Note: The basic information sent about your match will not be the location, phone number, full name, ethnicity, or religion. We will only reveal the gender, language(s) spoken, and/or any fun and interesting tid-bits about them which we will approve with your match before sharing it with you.
