# CUSTOMER TESTIMONIALS

**RICOH**  
imagine. change.

**Wanida Imprai (Ricoh)**

“At Ricoh we are very protective of our brand image, which is why we like to work with Michael Moir and his Fenix team. Not only do they have a wide range of products, from Polo Shirts to visors, and jackets to bags, but their deliveries are always on time, and our customers love to use a well-made product.”

**Badea Esbai (Audi Quattro Cup)**

“It is hard to source apparel in the Middle East, so for the past few years Fenix have supplied us with everything for our Audi Quattro Cup event. They came up with some great ideas and we never need to worry about the quality of printing or the delivery time. We are a happy customer for sure!”

**Steven O'Connor (BlueScope)**

“As a keen golfer, I was already aware of the Fenix brand, having bought some of their polo shirts for golf. But when I was made aware of the Fenix Custom program, I thought their custom apparel service could be very useful for BlueScope. We have since ordered uniforms for our workers and they couldn't be happier with the quality and design. It's reassuring to know that our staff are looking sharp and work and that the brand is being showcased well.”

**John Blanch (Thai Country Club)**

“After years of ordering our staff uniforms from a number of suppliers, when Fenix Custom offered us a one-stop-shop service to design uniforms for all our departments, I was a no-brainer. From caddie uniforms to more formal outfits for our office staff, and everything in between, having the designs coordinated across departments is critical and we have that with Fenix Custom. In addition, a single point of call rather than multiple has saved us a lot of wasted time and effort.”
