46 RA X TILLEY Collection

In 1980, a
man on the
Great Lakes
needed a
great hat.

TILLEY

Alex Tilley searched high and low for a durable sailing hat that matched his passion for the outdoors.

So, he embarked on a journey and took it upon himself to create what has now become a global symbol of adventure - The Tilley Hat.

40 years later, we continue to build upon our heritage with hats and apparel made with the same ingenuity, quality and spirit of exploration.

Tilley is exploring a new frontier in golf. One guided by function and design, to empower golfers to play and look their best.

TILLEY

HT1006

LTM6 AIRFLO BROAD BRIM

The Airflo that started it all.

Featuring a sleek oval-shaped brim for all around sun coverage, and our signature mesh ventilation to keep the cool air flowing. Made from 100% recycled nylon, it repels the rain, blocks the sun and makes any adventure a whole lot breezier.

TILLEY

HT1005

LTM5 AIRFLO MEDIUM BRIM

Meet the big hat with the slim brim. It has everything an Airflo should – our signature mesh ventilation, water-repelling and sun-blocking technology, the buoyancy of a bobber on water – plus, a modest profile that slims out the look while sacrificing none of its stature.

THE CLUBHOUSE HAT

Swing easy with The Clubhouse, the ultimate companion on the green. This hat is made from sustainable bio bluesign® approved fabric and features a tee holder, our signature hidden pocket and mesh for ventilation. A moisture-wicking elastic sweatband and durable water repellent finish keep you nice and dry all day long.

GOLF BUCKET HAT

Keep your head cool and covered while you're out on the course. Our modern take on a bucket hat was designed with golfers in mind. It's made from a light, rain-resistant and breathable material that maintains a comfortable climate. Even looking for a tee is a breeze, thanks to the holder built into the brim. A stroke of genius.
