

The man behind the curtain

My name is David and I wanted to take this opportunity to introduce myself and welcome you to Fantastic HR Ltd.

I set up Fantastic HR in October 2020 having found myself with out work during the pandemic. 2020 will be a year of great challenge for all of us. An increased challenge is added for those of us who for whatever reason have been searching for work during this unique period in our lives.

So, let me tell you a bit about my experience.

I have over 15 years' experience in HR and am privileged to be able to say I love my job.

I have countless stories about why I love HR but won't go into them here. However, I am happy to tell you one or more of them if you fancy a coffee and a chat.

I fell into HR whilst working in facilities at Avid Technology and very quickly realised I loved it and it seemed to love me too.

Over the years I have worked for Avid Technology Ltd, Ticketmaster UK Ltd, Trend Micro EMEA (GB) Ltd, Bathrooms by Design Ltd and Entura International Ltd. In every company I have learned new skills, developed already existing skills and have been privileged to add Value to all the organisations small, medium and large alike.

My skills cover both operational and strategic HR that encompasses the entire employee lifecycle These skills have ensured that I enable organisations to grow and expand with HR strategy at the heart of the overall business strategy

My professional opinion and belief is that people, when put at the centre of an organisations strategy, enable those organisation to thrive and grow in the most challenging of situations.

The man behind the curtain

My goal is to ensure the organisations I work with fully embrace the importance of a Talent strategy and how it can impact the success of their organisation. The alignment of the people strategy to the overall business strategy will ensure engagement of the people and overall success for the organisation.

I hope this has piqued your interest in wanting to engage with me. If so, please use the contact form and let me know how I might begin to add value to you and your organisation.
