TIRZEPATIDE/ CYANOCOBALAMIN

DOSING GUIDELINES

We provide medically supervised weight loss using Tirzepatide/Cyanocobalamin. All medications are prescribed by our licensed nurse practitioner and dispensed by a licensed compounding pharmacy following an individualized consultation. Dosing is patient specific. Compounded medications are not FDA approved.

**These are example vial sizes your provider may prescribe based on your individual treatment plan*

36mg Vial

\$385

65mg Vial

\$495

130mg Vial

\$700

Tirzepatide/Cyanocobalamin dosing is personalized and may change over time. Treatment typically starts low and is gradually adjusted based on your results and tolerance. Take your medication exactly as prescribed by your provider. A routine follow-up with the provider is required to assess effectiveness and make adjustments as needed.
